Orientation for Biotechnology Programs

MS in Biotechnology

PlusOne (BS in Biology/Biochemistry // MS in Biotechnology)

Graduate Certificate in Biopharmaceutical Analytical Sciences
Orientation for Biotechnology Programs

Advising

Academic advisor (noted in Banner record)

Consult your advisor regarding curriculum, courses and electives, track declaration, career goals

Making an appointment with advisors, staff, or professors

E-mail your request first, follow up with another e-mail or phone call if necessary
For program staff: See Program Directory
http://www.northeastern.edu/cos/biotech/contac/
https://prod-web.neu.edu/wasapp/employeelookup/public/main.action
Orientation for Biotechnology Programs

Degree Requirements

Follow your program plan (full-time students must take courses in order)

Required:
- MS in Biotechnology – 34 credits
- Graduate Certificate – 12 credits
- Permission of advisor for an elective not on the pre-approved list
- Final cumulative GPA – 3.0 or above
Orientation for Biotechnology Programs

Pre- Co-op

• Optional
• One semester
• On campus within the labs; On Campus Labs
• Off campus in industry (co-op prep course)
• Self developed

Refer to the Handbook
Orientation for Biotechnology Programs

Co-op

- Co-op Prep Course
- Industry Co-op
- Industry Project (currently employed in industry)

Refer to the Handbook

To make an appointment:
▪ Log in to your myneu.neu.edu portal
▪ Go to the “Experiential Ed/Coop” Tab
  ▪ In “Tools,” Select “Appointment Schedules”
▪ Follow the instructions to make an appointment

If you are a part time student who works full time and the times are not convenient, call/email me so we can coordinate a convenient time for you.
1) **Communication:**
- Check your Husky e-mail regularly or forward to an address you do check regularly. All communications from program staff and Northeastern will be sent to your husky e-mail.
- Keep your contact information in MYNEU updated at all times.
- Initiate voicemail and keep box from getting full.
- Bookmark the Current Students page of the Biotechnology Programs website ([www.northeastern.edu/cos/biotech/current-students/](http://www.northeastern.edu/cos/biotech/current-students/)).

2) **Registration:** You should be fully registered for the upcoming semester courses.
3) You are responsible for knowing the contents of the Biotechnology Guidebook (see Current Students webpage), the Graduate Catalog 2015-2016 (see Registrar’s webpage), and the Academic Calendar for semester start, finals week, holidays, last day to add a course, drop, and drop without a “W” (see Registrar’s webpage).

-Attendance Policy: the university and the staff of the Biotechnology Programs expect all students to be in attendance at the start of each academic semester (for dates, see the university calendar.) The spring semester begins on Monday, January 11. If you have made travel arrangements that will not return you to Boston by January 11, please change those plans now.

-Students who anticipate missing classes at any time during the semester must obtain permission of their instructors; should a student fail to obtain permission, instructors may, at their discretion, lower the final grade or fail the student.
Orientation for Biotechnology Programs

Policies and Procedures

4) Academic Integrity and Student Code of Conduct

Office of Student Conduct and Conflict Resolution (OSCCR)
www.northeastern.edu/osccr/

Student Code of Conduct
www.northeastern.edu/osccr/code-of-student-conduct/

University Library: Citations (referencing), Bibliographies, and Style Guides
library.northeastern.edu/get-help/citations-bibliographies
5) Academic Probation

Academic probation will result if a student fails to maintain a minimum cumulative GPA of 3.0 or receives a grade of “F” in a course.

If you find yourself on academic probation,
-meet with your academic advisor to devise a plan to remove yourself from probation
-raise your cumulative GPA to 3.0 by the following semester, repeat the course in which an “F” has been received.
6) Most forms you will need are on the Registrar’s website. Keep a copy of every form you submit and important e-mails.

7) Petitioning to transfer credit (9 credits maximum)
   - Credit can not have been used to obtain another degree or certificate
   - Must be graduate level course
   - Must have earned the equivalent of “B” or above
   - Must submit a course description and syllabus

8) Petitioning to waive subject matter
   - Must be graduate level course
   - Must submit a course description and syllabus
Orientation for Biotechnology Programs

Policies and Procedures

9) **Important for international students**

- Don’t leave the U.S. without consulting ISSI

- You must maintain full-time status (8 credits or on co-op) except for your last semester

- It is illegal to work *off campus* for pay or volunteer in your field except while enrolled in co-op or pre-co-op

- You *are* eligible to work on campus or volunteer in an *on-campus* laboratory
Orientation for Biotechnology Programs

Financial Aid (Scholarships), Tuition, Payment Plans

- For all inquiries regarding financial aid, tuition, or payment plans contact Student Financial Services
  www.northeastern.edu/financialaid/
  www.northeastern.edu/financialaid/aid/graduate/

- Contact Student Financial Services prior to dropping a course or withdrawing from the university

- Biotechnology has no stipended graduate assistantships (SGAs) to award candidates in its programs
