STREET DIRECTIONS TO VEHICLE UNLOADING/PARKING FACILITIES

To facilitate the flow of traffic for Move-In Days we have developed these motor vehicle directions to the University unloading/parking facilities. Depending on your assigned residence hall and where you are directed to park, you will either unload your motor vehicle at the parking location, or be asked to relocate the vehicle to a parking location after the vehicle has been unloaded. In the event that you are asked to relocate your vehicle to a University parking facility, you will be provided with the directions to that facility upon your arrival. Please follow these directions when approaching the University.
