Healthy foods, healthy neighborhoods, healthy people!
What are they? What do they look like? Who are they? What are they doing

Use your creativity to design a poster advertisement that shows healthy food and healthy neighborhoods!
Your poster should clearly promote good health through pictures, or words.

The poster you design should be something that would make you and other people in your community think about health. Think about what it would be like to have your poster hanging in your community. What would make people think about health and talk about it with their friends and family?

**Rules for Entering the Poster Contest:**
- The poster must be created on an 8.5 x 11 piece of white paper.
- Each poster must be created **only** by the person who enters it. You must be 18-years-old or younger to enter.
