Be advised that you may be eligible for coverage under a group health plan of a parent’s employer or under a parent’s individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent’s employer plan or the parent’s individual health insurance issuer for more information.

Self-funded student health plans, such as the NUSHP, are not subject to regulation under the Patient Protection and Affordable Care Act (ACA). NUSHP is voluntarily including in its program benefits that are designed to meet or exceed requirements that would otherwise apply to fully insured student health insurance programs.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect as of January 1, 2014, as part of the Massachusetts Health Care Reform Law.
Your Choice

Know How to Receive the Highest Level of Coverage.

You receive the highest level of benefits under this plan when you choose preferred providers. These are called your “in-network” benefits. You can also choose a non-preferred provider, usually at a lower level of benefits. These are called your “out-of-network” benefits. With this health care plan, you can go almost anywhere for health care. However, your costs are lower if you use the services of preferred providers in our network.

When You Choose Preferred Providers.

After a $250 per-admission copayment, you pay 10 percent coinsurance for most inpatient hospital, physician, and other provider-covered services. You also pay 10 percent coinsurance for some outpatient services, and for some outpatient services you pay a $25 copayment for each visit. You pay a $20 copayment for services received at Fenway Health. The copayment does not apply to preventive care services (see chart on opposite and back pages).

Please note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you use is not a preferred provider, you’re still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

How to Find a Preferred Provider.

There are several ways to find a preferred provider:

- Look up a provider in the Provider Directory. If you need a copy of your directory, call Member Service at the number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at www.bluecrossma.com/findadoctor
- Call our Physician Selection Service at 1-800-821-1388.

When You Choose Non-Preferred Providers.

You must meet a deductible for all out-of-network services each plan year before you can receive coverage for benefits under this plan. Your deductible is calculated on a plan-year basis. Your plan year begins on September 1 and ends on August 31 of each year. Your deductible is the first $250 of covered charges per member each plan year. After your deductible has been met, you pay 20 percent coinsurance for most out-of-network covered services deductible and/or your coinsurance).

Your Out-of-Pocket Maximum.

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical benefits is $3,500 per member (or $7,000 per family) for in-network services and $7,000 per member (or $14,000 per family) for out-of-network services. Your out-of-pocket maximum for prescription drug benefits is $1,000 per member (or $2,000 per family).

Emergency Room Services.

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call 911 (or the local emergency phone number). You pay a $50 copayment, plus 10 percent coinsurance, for in-network or out-of-network emergency room services. There is no deductible for these services.

Utilization Review Requirements.

You must follow the requirements of Utilization Review, which are Pre-Admission Review, Pre-Service Approval for certain outpatient services, Concurrent Review and Discharge Planning, and Individual Case Management. If you need non-emergency or non-maternity hospitalization, you or someone on your behalf must call the number on your ID card for pre-approval. Information concerning Utilization Review is detailed in your Benefit Description and riders. If you do not notify Blue Cross Blue Shield and receive pre-approval, your benefits may be reduced or denied.

You must meet a plan-year deductible for certain covered dental services. Your deductible is $50 per member (no more than $150 for three or more members under age 19 enrolled under the same family membership).

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible and coinsurance for covered dental services. Your out-of-pocket maximum is $350 per member (no more than $700 for two or more members under age 19 enrolled under the same family membership).
