The Electronic Checkup To Go — Alcohol and Marijuana

Have you ever asked yourself:

...How does my alcohol and/or marijuana usage compare to other NU students?

...How much money do I spend each month year on alcohol and/or marijuana?

...Why am I getting more intoxicated than I typically do?

...What is my tolerance level?

If so, O.P.E.N. can provide a confidential way to receive personalized information called the e-Checkup to go for either alcohol or marijuana. Each e-Checkup takes 15-20 minutes and can be done right from your own home.

Here are some examples of the personalized feedback provided in the E-Checkup to go:

How many cheeseburgers did you drink last month?

You spend $520.00 per year on alcohol, which means...

You spend 11% of your spending

Required for all incoming students. Must be completed by September 7th.

• Email sent to ALL incoming students in August
  -- Email open@neu.edu with questions
  -- Can be found online at northeastern.edu/open

Contact O.P.E.N. for a confidential check-in about your alcohol and/or other drug use.

O.P.E.N. provides non-judgmental personalized feedback.
