HONOR CODE

On my honor, I pledge to uphold the values of honesty, integrity, and respect that are expected of me as a Northeastern student.

CODE OF STUDENT CONDUCT

northeastern.edu/osccr

Adopted November 12, 1971; last revised in March 2018.

The purpose of the Code of Student Conduct (the Code) is to set forth the University’s expectations of behavior that promote the safety and welfare of the Northeastern University community. The University seeks to provide a supportive environment that is conducive to learning, the pursuit of truth, the exchange of knowledge, the intellectual development of students, and the general good of society. In those instances where violations of the behavioral expectations occur, Northeastern University has developed policies and procedures to protect the interests of members of the University community, individually and collectively.

Applicability of the Code On and Off Campus/
Jurisdiction of the Code

The Code applies both on and off campus, to all Northeastern University students, at all levels of study, in all colleges and programs locally or abroad, on-ground or online, as well as all student groups and organizations. The University establishes guidelines for the behavior of its students to promote student conduct that does not adversely affect the educational mission of the University, members of the University community, its relationship with the surrounding community, sister institutions, or co-op partners. Student behavior occurring off campus that allegedly violates the Code, University policy, local, state, federal, or host country laws, and that could negatively affect the educational mission of the University or its relationship with the surrounding community may subject students to discipline as noted in the Code.

Violations of the Code are handled and/or overseen by the Office of Student Conduct & Conflict Resolution (OSCCR). As OSCCR is an educational process and not a legal or criminal one, the formal legal rules of evidence do not apply to the Code and its procedures. The Code states all rights applicable to the conduct process. Students may not access documents not included in their case packet, demand access to individuals, or compel witnesses to participate in the conduct process. For information regarding Title IX, sexual violence, and related rights and procedures, please refer to the University’s Policy on Rights and Responsibilities Under Title IX, which governs the investigation, adjudication, appeal, and other elements of Title IX Prohibited Offenses.

The Code also applies to all accepted and pre-matriculated students. The University reserves the right to adjudicate an accepted student who allegedly engages in prohibited conduct prior to matriculation (e.g., at Northeastern’s New Student Orientation programs, during Move-In, or prior to the official start of the semester) through the conduct process.

When a student withdraws, takes a leave of absence, or becomes inactive from the University after engaging in conduct that may violate any of the University’s policies, rules,
regulations, or standards of conduct, but before the alleged violation has been adjudicated through the conduct process, a hold will be placed on the student’s record and the student will be banned from campus. The hold will prevent a student from re-enrolling at the University until the alleged violations have been resolved.

General Expectations

As citizens and as members of an academic community, students enjoy the same basic privileges and are bound by the same responsibilities as all citizens. Presence on campus and/or general student status does not shield students from the general law. Northeastern University assumes that all students will abide by the policies, rules, and regulations of the University, and by state, local, federal, and host country laws. The University reserves the right to inform the police or other appropriate authorities when student behavior appears to violate laws.

It is recognized that all members of an academic community, individually and collectively, have a right to express their views publicly on any issue; however, the University insists that all such expressions be peaceful and orderly, conducted in a manner consistent with the Code and University policies, and in such a way that University business and respectful academic discourse are not unduly disrupted. Moreover, students must clearly indicate that they are speaking as individuals and not for or on behalf of the University community.

Students are expected to display proper respect for the rights and privileges of other members of the University community and their guests. The atmosphere in classes, laboratories, online, at University events, and residence halls must be free from undue disruption. Furthermore, students must follow the reasonable directions of University personnel. Students are expected to be honest and forthright in their course of dealings with the University. Falsification, distortion, or misrepresentation of information to the University or University officials could result in being charged with a violation of the Northeastern University Code of Student Conduct. Students are expected to engage directly with OSCCR regarding any alleged violations of the Code. While students are free to consult with advocates and third parties, such third parties are not permitted to ask or communicate on behalf of students regarding alleged Code violations. Additionally, recordings of any kind are not permitted in OSCCR, except as permitted by the Code or with express permission of OSCCR staff.

The Code has been developed with the assistance of students, faculty, and staff of the University.

Student Expectations

Each Northeastern Student can expect:

1. Written notification of alleged Code of Student Conduct or University policy violations within a reasonable period of time from OSCCR’s receipt of the complaint or incident report pertinent to those allegations. This notification will state the date, time, and place of the administrative hearing or pre-hearing meeting, in the case of a Student Conduct Board hearing. The date, place of incident, and the complainant and/or reporting party will also be included.
2. The opportunity to request to reschedule a hearing date up to one (1) business day prior to the hearing, due to academic or other reasonable conflicts. Requests may be granted at the discretion of OSCCR.

3. To request that a hearing be suspended after the presentation of evidence for a brief and agreed-upon period of time.

4. The hearing may proceed without the student's presence, consistent with the Code.

5. OSCCR to make all reasonable efforts to issue the decision letter within 10-15 business days of the conclusion of the hearings pertinent to the case.

6. To choose a Hearing Advisor, as outlined within the Structure and Procedure section of the Code, to serve as a guide throughout the Student Conduct hearing process.

7. To file an appeal within five (5) business days. Further information regarding appeals is outlined within the Procedures for Student Appeals section of the Code.

In cases where a Student Conduct Board hearing is scheduled, the following procedural rights also apply, as outlined in the Code of Student Conduct:

1. To review written information received by OSCCR that is pertinent to the case, a minimum of one (1) business day prior to the designated Student Conduct Board hearing date and to address inferences that might be drawn from such statements during the Student Conduct Board hearing.

2. To a hearing with no fewer than five (5) Student Conduct Board members present. A student may waive this right if the student wishes to have a hearing convened with no fewer than three (3) Student Conduct Board members.

3. To request the removal of any number of names from the list of prospective conduct Board members, with reasonable notification and explanation.

4. To question witnesses, to produce witnesses on the student's own behalf, and to present substantiating information and written personal statements on the student's own behalf. Witnesses are defined as individuals who were at the incident in question and/or have information pertinent to the specific incident in question.

Each Northeastern student has the responsibility:

1. To review and abide by the University's Code of Student Conduct and University Policies and Procedures.

2. To maintain their University e-mail address\(^1\) and respond to any Northeastern University notifications sent directly to the individual student.

3. To maintain their local address information and update it at the beginning of each semester when they are an active student.

4. To represent the University appropriately, both on and off campus.

5. To respect the differences of individuals and treat others in a civil and respectful manner.

\(^1\)Northeastern considers and assumes any communications sent to a student's official Northeastern e-mail account to be received by the student.
6. To carry their University ID with them at all times and present it to officials when requested.
7. To review their fiscal responsibilities to the University.

Decision-Making Authority
1. The Senior Vice Chancellor for Student Affairs is responsible for the overall administration of the Code, as well as the Student Conduct Process, as it applies to individuals and student groups. Under the oversight of the Senior Vice Chancellor for Student Affairs, the Director of the Office of Student Conduct & Conflict Resolution (OSCCR) has been charged with the day-to-day responsibility for administering the Code of Student Conduct and the Student Conduct Process.

2. All decisions made by the Student Conduct Board, Hearing Administrator, Appeals Board, and/or Fraternity and Sorority Life (FSL) Standards Boards are subject to final approval and modification by the Senior Vice Chancellor for Student Affairs, or designee.

3. The Student Conduct Board and designated Hearing Administrators are authorized to take official disciplinary actions in accordance with the policies, regulations, and sanctions contained in the Code and other policies and regulations of the University.

4. The policies and procedures outlined in the Northeastern University Code of Student Conduct will at all times govern the adjudication of matters relating to the Code.

Structure and Procedure of the Conduct Process
The Student Conduct Process begins when a report alleging a violation of University policy is received by OSCCR, Residential Life, N.U.in, or the Center for Student Involvement.

For information regarding Title IX, sexual violence, and related rights and procedures, please refer to the University's Policy on rights and responsibilities Under Title IX (available at northeastern.edu/policies/pdfs/Title_IX_Policy.pdf), which governs the investigation, adjudication, appeal, and other elements of Title IX Prohibited offenses. Notwithstanding the procedures established in the Code, the University reserves the right to act in a manner it deems necessary or appropriate to address alleged Code violations and promote the safety and well-being of the campus community, including but not limited to altering specific elements and procedures within the Code as necessary to achieve this goal.

Reports of Title IX Prohibited Offenses (sexual harassment, sexual assault, domestic violence, intimate partner violence, dating violence, stalking, or retaliation) involving students are addressed by the University’s Policy on Rights and Responsibilities Under Title IX and separate procedures referenced in that policy, which outline the investigation and resolution of claims of Prohibited Offenses. Reports of Prohibited Offenses can be submitted directly to the Title IX Coordinator and the Office for University Equity and Compliance (OUEC) by completing the form available at: Reporting to OUEC or through any of the contact options listed below. OUEC’s policy, as well as other helpful information can be found at https://www.northeastern.edu/ouec/.

Filing a Report
Incident Reports can be submitted by clicking on the “Reporting an Incident” link found online at northeastern.edu/OSCCR.
Any academic or administrative official, University staff member, faculty member, law enforcement agency, member of the community, or student may file a complaint involving any student or student organization. The complaint should include the following information, if available:

1. Name(s) of the student or student organization alleged to have violated the Code and/or University policy.
2. Description of the incident.
3. Names and contact information of witnesses.
4. Names and contact information of those filing the report.

In most instances, the person who submits a report will serve as the complainant should the report result in resolution through a Student Conduct Board hearing.

The Role of the Office of Student Conduct & Conflict Resolution
The role of OSCCR is to review all reports it receives to determine if a violation of University policy allegedly occurred. If it is determined that an alleged violation occurred, OSCCR will oversee or directly resolve complaints of this alleged violation; OSCCR does not represent either party. From time to time, OSCCR may conduct or participate in an investigation to gather information about the alleged violation(s).

Reviewing the Report and Determining Hearing Type
The Director of OSCCR, or designee, reviews the report to determine if a violation of University policy allegedly occurred. The severity of the alleged violation is also considered, as this determines the type of hearing that generally will be used to resolve the complaint/case. In most cases, off-campus legal proceedings will not be grounds for delay. OSCCR will determine in each case the appropriate hearing type to resolve charges. However, if either party has concerns about this, the party should communicate such concerns to the Hearing Administrator. OSCCR retains the right to determine when and in what format any alleged Code violations are heard through Administrative Hearing or Student Conduct Board, as well as the timing of such hearing.

- **Administrative Hearing** (noted as AH throughout): When the severity of the alleged violation(s) could result in sanctions of Written Warning, Disciplinary Probation, or Deferred Suspension, involved students will receive a hearing notice requesting their attendance at an administrative hearing.

- **Student Conduct Board** (noted as SCB throughout): When the severity of the alleged violation(s) could result in sanctions of Suspension or Expulsion, or if the facts of the incident are so complex that an Administrative Hearing is not appropriate, involved students will receive a hearing notice requesting their attendance at a pre-hearing, which precedes an SCB Hearing.

**End-of-Term Hearings:**
Incidents that occur during the last two weeks of classes or finals may be resolved by one of the following End-of-Term Hearing processes:

1. **SCB Level:** Incidents that may result in Suspension or Expulsion may be resolved by an Administrative Hearing held prior to the end of the term, or a Student Conduct Board hearing for the following term.
2. Administrative Level: Incidents that will not result in Suspension or Expulsion may be resolved by an Administrative Hearing held prior to the end of the term, or an Administrative Hearing held immediately following the end of the term. When distance precludes a student from having a face-to-face SCB Hearing or Administrative Hearing with a member of OSCCR, the case may be resolved via a video conference or phone hearing.

Please Note: OSCCR will take into account the severity of the incident when determining the most appropriate method of resolving end-of-term cases.

- **Alternate Resolution:** The OSCCR reserves the right to determine if the incident can be resolved by alternative means (e.g., mediation, etc.). All parties involved must agree to this, as the outcome of this alternate resolution is final and there may not be subsequent proceedings.

**PLEASE NOTE:** The University reserves the right to use an Administrative Hearing to expediently resolve cases where the University determines it is appropriate to do so.

**Determining Responsibility:** In all hearings, the Hearing Administrator or Board will use the “preponderance of evidence” standard, also known as “more likely than not” standard to determine if a violation of University policy occurred.

**Hearing Advisors**

Students participating in the student conduct process may have a member of the University community serve as a Hearing Advisor. They will receive a list of members from the University community who have volunteered to serve as a Hearing Advisor and been trained in the conduct process. For a full list of current Hearing Advisors, visit northeastern.edu/OSCCR/hearing-advisors. Staff or faculty who are hired as a student’s legal counsel outside the conduct process may not also act as a student’s Hearing Advisor in the University process. Students who wish to have a Hearing Advisor present with them during meetings should communicate availability that is inclusive of the Hearing Advisor’s schedule as appointments will not be rescheduled solely due to a Hearing Advisors inability to attend.

The role of the Hearing Advisor includes:

a. Assisting the student in understanding how the hearing will proceed.

b. Assisting the student with understanding the resolution process.

c. Attending the Hearing (Administrative, Student Conduct Board, Admitted Responsibility Hearing Advisor), if the student prefers and selects a time within the Hearing Advisor’s availability.

d. Providing emotional support before, during, and after a hearing.

e. At no time is the Hearing Advisor permitted to address the Board directly, or communicate on behalf of the student.

**Description of Administrative Hearings**

When the severity of the alleged violation(s) could result in sanctions of Written Warning, Disciplinary Probation, or Deferred Suspension, involved students will receive a hearing notice requesting their attendance at an administrative hearing.
**Notification:** The administrative hearing notice will be sent to students via their University email account. This notice will provide them with the date and location of the incident, the complainant and/or reporting party, the alleged violation(s), and the date, time, and location of the hearing.

**The Hearing:** An administrative hearing is a one-on-one meeting between the student and Hearing Administrator to discuss the alleged violation(s). Third parties, including but not limited to witnesses, lawyers, parents, guardians, and friends, are not permitted to attend an administrative hearing. Hearing Advisors may attend at the request of the student. During the hearing, the student provides their account of the incident, the Hearing Administrator presents the student with the report and any available documentation, and asks questions to clarify or identify missing information. In addition, the student can present written documentation, including witness statements, at the Administrative Hearing for the Hearing Administrator’s review. After the presentation of information, the student may suspend the administrative hearing for a brief and agreed-upon amount of time. After the information has been gathered, and the hearing concludes, the Hearing Administrator will review the information to determine if a violation of University policy occurred based on a preponderance of the evidence. If the Hearing Administrator determines that a violation occurred, the student will be found responsible, and sanctions will be imposed.

**Failure to Appear:** If a student fails to appear for the scheduled meeting, the Hearing Administrator has the option to: a) dismiss the charges, b) set a new hearing date, or c) make a decision and impose sanctions, if necessary, based on the information available.

**The Decision Letter:** Charged students will receive a decision letter via their University email account that includes the rationale for the finding(s), sanctions (if applicable), and information on the appeal process (if applicable). Unless otherwise noted in a student’s records, the University reserves the right to notify parents in the outcome of all cases.

**Description of Student Conduct Board Hearings**

When the severity of the alleged violation(s) could result in sanctions of Suspension or Expulsion, or if the facts of the incident are so complex that an Administrative Hearing is not appropriate, involved students will receive a hearing notice requesting their attendance at a pre-hearing, which precedes a Student Conduct Board (SCB) hearing. In a SCB hearing, the complainant and charged student come before a panel of five trained SCB members to provide their account of the incident, answer questions, and provide any information relevant to their case.

**Notification:** A pre-hearing meeting notice is sent to the student at their University email account. This notice will provide them with the date and location of the incident, the complainant and/or reporting party, the alleged violation(s), and the date, time, and location of the pre-hearing meeting.

**The Pre-Hearing:** The pre-hearing meeting is a one-on-one meeting between the student and Hearing Administrator to:

- Review the incident and written documentation that forms the basis of the complaint,
- Explain the charges filed against the student, and
- Review how the process will progress and its possible outcomes.
In addition, students will have the option to review a list of current SCB members and request the elimination of an unlimited number of potential SCB members from the hearing. An explanation for this request must be supplied by the student and will be reviewed by the Hearing Administrator.

Third parties, including but not limited to witnesses, lawyers, parents, guardians, and friends, are not permitted to attend the pre-hearing meeting. Hearing Advisors may attend at the request of the student.

During the pre-hearing meeting, the charged student can either accept responsibility or contest responsibility for the charges. Upon request, a charged student can delay this decision for no more than two (2) business days after the pre-hearing meeting. Students should note that accepting or contesting responsibility does not necessarily lessen or increase the sanctions that could be imposed.

a. Accept Responsibility: Students who accept responsibility for all charges proceed to an admitted responsibility meeting, scheduled for a later date. During the admitted responsibility meeting, the Hearing Administrator presents the case to at least two members of the SCB who will ask questions to determine the most appropriate sanctions. The student may provide a verbal statement as well as additional written documentation to the Board.

b. Contest Responsibility: Students who contest responsibility for at least one of the charges proceed to an SCB Hearing, scheduled for a later date. Students will have an opportunity to clarify which charges they are contesting or accepting during the introductory statements of the hearing.

OSCCR reserves the right to refer all students from the same incident to a SCB Hearing for a resolution, regardless of an individual student’s preference regarding acceptance or contesting of responsibility.

Preparing for the Student Conduct Board Hearing

Attendance at hearings is limited to parties involved and University officials as deemed necessary by the Board and/or by OSCCR. Members of the Northeastern University Police Department or other Law Enforcement Agency may be present at hearings. Attorneys, parents, or guardians are not permitted in SCB Hearings unless given express permission by OSCCR. Hearing Advisors may attend at the request of the student.

Written Documentation: All parties involved have the opportunity to submit written documentation for the SCB to review, no later than two (2) business days prior to the hearing.

Witnesses: Parties who have direct information regarding the incident may be presented by the complainant or the charged student, provided that a witness list is submitted to OSCCR two (2) business days prior to the hearing. OSCCR staff may issue a written request requiring the appearance of an individual before the Student Conduct Board if it is determined that the person’s appearance is necessary in providing information for the Board to make a decision regarding a student’s case.

Failure to Appear: If the complainant, charged student, or witness(es) fail to appear at the scheduled hearing, the SCB or Hearing Administrator may: a) dismiss the action, b) set a new hearing date, or c) continue the hearing without that party present, and determine the finding and impose sanctions, if necessary, based on available information.
Information Regarding the Student Conduct Board Hearing

1. The SCB consists of five students representing undergraduate, graduate, online, law, and professional studies students. In cases involving graduate and professional studies students, a simple majority of the Board members will be graduate and/or professional studies students. A hearing may go forward with a Board of three student members provided the charged student(s) give written agreement to move forward. In addition, a hearing may go forward with less than a simple majority of graduate/professional studies students if the charged student(s) give written agreement to move forward.

2. The chairperson will be a student and voting member of the SCB whose responsibilities during the hearing will be to act as presiding officer at hearings and in all voting procedures.

3. A Hearing Administrator from the OSCCR will be present during the hearing and all deliberations to provide information on applicable University policy and procedures. The Hearing Administrator does not vote or represent either party.

4. SCB Hearings are audio-recorded for the purpose of appeals only. Students who appeal may request to listen to the recording of the hearing in the OSCCR. Recordings are not to be removed from the OSCCR. Recordings are destroyed upon completion of the appeal process. Recordings do not become part of any student's record or any conduct file maintained by OSCCR.

5. Determinations of responsibility are made based on a preponderance of the evidence, or a "more likely than not" determination, as determined by simple majority vote by the Board.

6. All records of a case will be confidential, consistent with University policy.

7. All decisions made by a SCB or Hearing Administrator are subject to final approval or modification by the Senior Vice Chancellor for Student Affairs, or designee.

Presentation of Information

1. Complainant’s opening statement and perspective (complainant is the individual or the office affected by or representing the complaint issued to OSCCR).

2. Charged student’s opening statement and perspective (a charged student is the individual(s) charged with a violation of the Code).

3. Questioning of complainant (charged student and SCB members).

4. Questioning of charged student (complainant and conduct Board members).

5. Statements from complainant’s witnesses.
   - Questioning of complainant’s witnesses (complainant, charged student, and conduct Board members).

6. Statements from charged student’s witnesses.
   - Questioning of charged student’s witnesses (charged student, complainant, and conduct Board members).

7. Scheduled break to attend to personal needs and prepare for final statements.

8. Final questions from the SCB.

10. Charged student’s closing statement, including any statement as to mitigating circumstances were the student to be found responsible.

11. Complainant and charged student are excused so the Board can engage in closed-door deliberation and sanctioning, if necessary.

The board may ask questions at any time during the hearing.

Please note that the process for hearings involving sexual violence, which includes sexual assault, sexual harassment, stalking, and domestic violence, may differ slightly from the process outlined above. Specifically, alternative room and technological setups will be available for the hearing, and the charged student and affected party, should they choose to participate in the hearing, will speak with the Board separately. During the pre-hearing meetings, OSCCR staff will discuss these specific differences with both/all parties.

The Decision Letter: After the SCB makes a determination and applies necessary sanctions, the charged student will receive a decision letter. The letter will include the rationale for the finding(s), sanction(s) (if applicable), and information on the appeal process (if applicable). OSCCR shall make all reasonable efforts to issue the decision letter within 10-15 business days. Unless otherwise noted, the University reserves the right to notify parents of the outcome of cases, consistent with applicable law.

In cases when the complainant and/or affected party is informed of the result of a hearing, the letter to the complainant and/or affected party will include the charged student’s name, the violation committed, the sanctions, rationale for the finding(s), and information on the appeal process, if applicable.

Procedures for Student Appeals

All conduct hearing appeals will be heard by the Appeals Board, which consists of three voting members: one representative from Academic Affairs, one representative from Student Affairs, and a member of the SCB.

The Director of OSCCR, or designee, will serve as an ex-officio member of the Appeals Board. When a current participant of The N.U. in Program or a Student Organization files an appeal, a member of The N.U. in Program or CSI Staff, respectively, will join the Appeals Board.

Students have five (5) business days from the date of their decision letter to appeal the decision of either the Hearing Administrator or the SCB. Appeals must be made in writing using the electronic Appeal Request Form and must successfully meet one of the following criteria:

Procedural Error: The student asserts a procedural error impaired their right to a fair opportunity to be heard

New Information: Information has arisen that could not reasonably have been made available during the original hearing and may have been sufficient to alter the original SCB/Hearing Administrator’s decision

Review of Sanctions: The student requests a review of the imposed sanction(s), citing extraordinary circumstances

Please Note: Students who Accept Responsibility for the alleged violations waive the right to appeal on grounds of procedural error or new information, but they can request a “Review of imposed sanctions” from the appeals board.
The appeals process is primarily a paper process and will not typically involve a meeting with the charged student or other persons unless requested by the Appeals Board. The Appeals Board will review the electronic appeal submitted by the appealing party, the documentation from the original case, and any other information deemed necessary by OSCCR. The audio recording of the original hearing (in the case of SCB hearings) will be made available to the Appeals Board.

**The Appeals Board will take one of the following actions:**

**a.** Concur with original action.

**b.** Refer the matter to the appropriate hearing body if based on a procedural error. In this case, the entire case may be reheard, as if it had not been heard before.

**c.** Refer the matter back to the original hearing body if based on the grounds of new information. The original body, complainant, charged students, and if required, witnesses, will be reconvened to review only the new information. The hearing body will then render a decision based on the new information.

**d.** Mitigate the sanction. Students should understand that this option is exercised only in rare circumstances. The University reserves the right to take any action necessary to corroborate the student’s statements.

All decisions of the Appeals Board may be recommended to the Senior Vice Chancellor for Student Affairs, or designee, for final approval.

**In some cases, including, but not limited to, bullying, harassment, physical abuse, and academic integrity,** the charged student and the complainant have the right to an appeal based on the three reasons stated above. If either party involved in one of these cases files an appeal, the following procedure will take place:

**a.** The appeal will be reviewed by the Director in the OSCCR and passed on to the original hearing administrator.

**b.** The non-appealing party will be notified, provided with a copy of the appeal, and given the opportunity to submit a written response to the appeal within two (2) business days.

**c.** The Appeals Board will review all available documentation, including the documents provided for the original hearing and all appeal-related documents/statements submitted by all parties, and take one of the actions outlined above. The Appeals Board shall make all reasonable efforts to respond within 10-15 business days.

**Standards of Conduct**

A list of the University policies, rules, and regulations required of all students can be found below. Students are required to become familiar with these policies, and all University, program, and departmental policies, and must comply with them. Violations of any of these policies will be handled in accordance with the appropriate University procedure. *The use and/or abuse of alcohol and/or drugs will not be considered a mitigating circumstance for any violation of the Code of Student Conduct. Rather, individuals may be additionally charged with the appropriate alcohol or drug violation. For information regarding standards of conduct related to sexual violence and Title IX, including the definition of consent and the definition of Title IX Prohibited offenses, please refer to the University’s Policy on Rights and Responsibilities Under Title IX.*
Violations are listed in alphabetical order, and the order of violations is not indicative of the seriousness of each violation. All violations are assigned a typical hearing type, which correlates to the sanctions that may be imposed and represents the degree of severity for that individual violation. Other factors may require a case to be resolved through the other hearing type. Such factors include the student’s conduct history, the severity of the harm caused with this specific incident, the nature of the violation, and the allegation of violating more than one standard of conduct. Experience demonstrates that inappropriate behavior will often involve violations of more than one standard of conduct listed in this Code. Repeated violations, multiple violations, or the severity of the misconduct may heighten the University’s response, which could include Suspension or Expulsion from the University and/or cancellation of the Residence Hall and Dining License Agreement.

The University reserves the right to notify parents when a student has been referred to OSCCR.

**Academic Integrity**
As defined in the Academic Integrity Policy (pages 38-41). (AH or SCB)

**Aiding and Abetting**
Knowingly assisting with or cooperating in an act or action that violates the Code. A student may be held responsible as though the student was a direct participant in the violation, even if information indicates the student was not directly involved in the perpetration of the violation. (AH or SCB)

**Alcohol, Drugs, & Medical Amnesty**
The University expects that all of its students, whether on or off campus, abide by the law and University regulations concerning alcohol and drug use.

1. A person under the age of 21 is prohibited from being in the presence of alcoholic beverages in the residence halls and housing provided and/or arranged by Northeastern, with the following exception: an individual under the age of 21 who has a roommate of legal drinking age may be in the presence of an open container of alcohol in the room only if the roommate of legal drinking age is also present.    b. Sale or distribution of drugs or intention of sale or distribution.

Medical Amnesty

In cases of a drug or alcohol emergency, the primary concern is the health and safety of the individual(s) involved. Students/organizations are strongly encouraged to call for
medical assistance (617.373.3333) for themselves or for another student who they observe to be or feel is dangerously intoxicated/under the influence of drugs. If a student/organization calls on behalf of another student, that student/organization is required to remain with the student experiencing the emergency until medical assistance arrives. Neither the caller nor student requiring medical assistance for an alcohol or other drug-related emergency will be subject to University disciplinary action for the violation of possession or consumption of alcohol or drugs. This policy shall extend to the parties actively involved in proactively calling for medical assistance and is determined at the discretion of the Director of OSCCR.

The student requiring medical assistance (and possibly the referring student(s)/organization) will receive Medical Amnesty and will have a confidential “check-in” meeting with a staff member from the Office of Prevention and Education at Northeastern (OPEN), and may also be contacted by various campus departments (e.g., WeCare and NUPD) for an optional follow-up conversation regarding the incident. As long as the student(s)/organization complies with all directives, there will be no disciplinary action taken related to the violation of possession or consumption of alcohol or drugs and no disciplinary record of the incident kept in the OSCCR. This policy applies only to those students or organizations who seek emergency medical assistance in connection with an alcohol or drug-related medical emergency and does not apply to individuals experiencing an alcohol or drug-related medical emergency who are found by University employees (e.g., Northeastern University Police, faculty, administrative staff, or residence hall staff), or where the reporting student(s)/organization did not stay with them.

The Medical Amnesty Policy is not intended to shield or protect those students or organizations that repeatedly violate the Code. When repeated instances of drug or alcohol emergencies occur, the University reserves the right to take disciplinary action on a case-by-case basis regardless of the manner in which the incident was reported.

Medical Amnesty applies only to alcohol or other drug-related emergencies but does not apply to other conduct violations such as but not limited to assault, property damage, or distribution of illicit substances. If other violations occur, then a student may face disciplinary charges for those violations. The use or abuse of alcohol or drugs is not considered a mitigating circumstance for any other violations of the Code. Medical Amnesty applies only to the University response to a medical emergency. Criminal/Police action may still occur separately from the OSCCR.

SANCTIONS

*The totality of an incident and alleged severity of impact to the community will be considered in determining the hearing type required to resolve cases. This means that the hearing type identified in parentheses after each violation may not be the type of hearing used to resolve the incident. This is true for all charges based on the specific circumstances of the case, not just those marked with a notation. Please note that when multiple violations may have occurred or previous history warrants, the level of severity of an entire incident will be considered in determining appropriate hearing type.
Hearing Administrators and/or Boards impose sanctions when a finding of responsible results from a hearing. Sanctions are imposed to strengthen learning and assist students/ organizations in adopting behaviors in order to avoid repeat violations.

In determining appropriate sanctions, Hearing Administrators and/or Boards look at the totality of the incident(s)/situation and its impact on the community rather than looking at individual violations. In addition, they consider/weigh the impact of the following:

1. Nature of the violation(s) – what happened?
2. Severity of the impact caused (damage, injury, or harm, etc.) from this incident resulting therefrom.
3. Charged student’s past disciplinary record, which could increase the severity of sanctions imposed for incident in question.
5. Aggravating circumstances, which may include bias-motivation.

Once these factors have been taken into consideration, Hearing Administrators and/or Boards will look to impose at least one inactive sanction and at least one active sanction. In many instances, more than one active sanction will be imposed. A list of possible sanctions follows. Hearing Administrators and/or Boards reserve the right to create active sanctions not included on this list if they determine that the sanction better addresses the concern and provides an appropriate opportunity for learning.

**Inactive:** may affect students’ good standing with the University and does not require any sort of action

1. **Expulsion,** which is the permanent separation of the student from the University. Students are permanently banned from entering all University property and prohibited from participating in any University-sponsored activities. A permanent notation, “Withdrawn Expelled (WE),” will appear on the student’s transcript.

2. **Suspension,** which is the separation of the student from the University for a specified period of time, after which the student is eligible to return. Conditions for readmission may be specified. During the period of suspension, students are banned from entering all University property, may not live in University housing, and are prohibited from participating in any University-sponsored activities. Students are expected to adhere to all University policies while on suspension and will be held accountable for any violations during the period of suspension. Students will not be granted credit for any academic work during the period of suspension (including a cooperative work assignment). A student will continue on disciplinary probation for a specified period of time following the completion of suspension.

3. **Deferred Suspension,** which is the most serious formal warning for violation of University rules/regulations that affects the student’s good standing with the University. Students on deferred suspension may be limited in their ability to attend University programs, including those outside the country during the period of deferred suspension. Deferred suspension is for a designated period of time. If the student is found responsible for violating any additional University rule/regulation during the period of deferred suspension, suspension may become effective and the student may be subject to additional sanctions for the additional violation. Restrictions and/or conditions regarding participation in University-sponsored activities may be imposed.
Students on deferred suspension may be members of organizations but may not hold any elected or appointed position in any recognized student organization or group, represent the student body on any University committee, or serve the University in other leadership positions. A student will continue on disciplinary probation for a specified period of time following the completion of deferred suspension.

4. Disciplinary Probation, which is a formal warning for violation of University rules/regulations, affects the student’s good standing with the University. Probation is for a designated period of time and includes the probability of more severe sanctions to be imposed if the student is found in violation of any University rules/regulations during the period of probation.

5. Letter of Warning, which is a formal warning for violation of University rules/regulations, including a statement that continuation or repetition of prohibited conduct may result in more serious sanctions.

6. Cancellation of the Residence Hall and Dining License Agreement, which results in the separation of the student from University residence facilities either permanently or temporarily. Upon the cancellation of the agreement, the student is banned from entering all University residence facilities during the specified period of separation.

**Active:** requires student to take action

1. Loss of membership in teams, clubs and/or officially recognized organizations.

2. Loss of ability to hold any elected or appointed positions in any recognized student organization or group, represent the student body on any University committee, or serve the University in other leadership positions. Students may be members of organizations and may run for office while on this status, but may not take office while it is in effect.

3. Loss of access to University buildings, facilities, or resources for a specified period of time or permanently.

4. Mandated service.

5. Restitution, which requires the student to make payment to the University or to specified individuals, groups, or organizations for costs incurred as a result of violation of University rules/regulations.

6. Loss of guest privileges on campus or in residence halls.

7. Submittal of letter of apology to complainant/affected party.

8. Counseling evaluation.

9. Educational sanction, which may include, but is not limited to attending a program, developing a program, and/or writing a paper. Students may be charged a fee to attend an educational program.

10. Fines for alcohol and drug cases. Mandated service may be completed in lieu of paying the fine, should the student make that request.

The University also reserves the right to sanction any student found responsible, who pleads no contest, or is found guilty in a court of law for a violation of law. In these instances, disciplinary action will be administered through OSCCR and will not be processed by the SCB. Students who are suspended, expelled, or have their Residence Hall and Dining License Agreement canceled are subject to “Refund Policies” found in this
Handbook and the Residence Hall and Dining License Agreement refund policy found in A Guide to Residence Hall Living.

In addition, students should review their financial aid and scholarship information to get clarification on those policies.

While the Hearing Administrator and/or SCB have discretion to impose sanctions they determine most appropriate by factoring in the five components listed above, the Code provides sanctioning guidelines for drug and alcohol violations. The sanctions set forth below provide Hearing Administrators with a starting point for sanctioning cases involving alcohol and/or drugs. Depending on the information obtained through the Hearing and the severity of the harm, the imposed sanctions may be enhanced or lessened. Please be advised that students found responsible for violating the Code risk the cancellation of their Residence Hall License and Dining Agreement.

A letter may be sent home to a parent/legal guardian in all cases where there has been a finding of a violation of the Alcohol and/or Drug Policy.
**Parental Notification**

In accordance with federal law, the University reserves the right to notify parent(s)/guardian(s) regarding the outcome of all conduct matters. Specifically, the University will notify parent(s)/guardian(s) in cases involving alcohol or drugs, matters that pose a threat to the health and safety of the student and/or the community, and cases that could result in the student’s suspension or expulsion from the University.

**Interim Suspension**

The Senior Vice Chancellor for Student Affairs or their designee may impose an interim suspension on a student if sufficient facts indicate that the student presents a threat to the University community. In most instances, a student who has been interimly suspended from the University will be immediately banned from the University community. Interim suspension may include restrictions on class attendance, access into residence halls, and/or access to or use of University-owned or operated property. The Senior Vice Chancellor for Student Affairs or their designee may remove the interim suspension.

Students who have been interimly suspended from the University will have a hold placed on their record and will need to make advance arrangements with the OSCCR for approval any time they may need to be on campus to take care of University-related business during the period of the interim suspension.

In cases involving interim suspension, every effort will be made, if practicable, to conclude the hearing and obtain a decision on the charges within 10 business days after the interim suspension was imposed.

**No Contact Order**

When the University determines the severity of an incident rises to the level where continued contact between the involved parties could lead to further incidents and/or the creation of an unhealthy, unsafe, and/or hostile environment, it may impose a No Contact Order on the parties involved with the incident. OSCCR is one office granted authority to issue these No Contact Orders. Communication of this order will be made via email to the student’s Northeastern email account.

**Temporary Measures Administrative Directive**

If a student or student organization is acting in such a way that may prove to be a violation of the Code of Student Conduct, the Senior Vice Chancellor for Student Affairs, or designee, may issue an administrative directive prohibiting the continuation of such behavior. It is not necessary for there to be current ongoing proceedings or even charges against the student or student organization when an administrative directive is issued.

A designated University administrator may issue an administrative directive, according to the guidelines listed, when harm is deemed to be occurring and immediate action is deemed necessary. OSCCR will enforce the directive.

1. A designated University administrator may issue an administrative directive:
   
   a. To prevent a student or student organization from acting in specified ways that may result in violations of the Code. The designated University administrator may also prevent a student or student organization from committing an act that would negatively impact or interfere with OSCCR proceedings, or any other similar proceedings.
b. To restrain a student or student organization from assuming or exercising privileges granted to them by the University, pending action, until a final judgment can be rendered.

2. In order to receive an administrative directive, the prohibited action must be within the jurisdiction of the administrator issuing such an order, or such administrator’s designee.

3. The designated administrator determines the date that the administrative directive expires, a period which initially will not exceed 10 days. The 10-day period may be extended, in consultation with the designated administrator’s immediate supervisor, or if the restrained party consents to an extension.

4. Administrative directives will specify the reasons for the directive, the act or acts that are prohibited, and the student or organization bound by such directive.

Maintenance of Disciplinary Records

1. The University will permanently maintain the conduct records of those students separated from Northeastern by suspension or expulsion. A notation will be placed on the transcript of any student expelled from the University. A hold will be placed on the account of any student that withdraws, takes a leave of absence, or becomes inactive prior to the resolution of disciplinary charges. Such hold may not be lifted until the pending charges are resolved.

2. The University will expunge the conduct records of those students who received sanctions other than suspension or expulsion three (3) years after the student’s withdrawal or immediately upon their graduation date from Northeastern.

3. Students have the right to submit any documentation in their conduct file to amend a record they believe to be inaccurate or misleading. Please refer to pages 63-67 of this Handbook for additional information about the University’s policy on rights related to education records and guidelines regarding release and disclosure of student records.

Interpretation and Application

1. Any question of interpretation or application of the Code of Student Conduct shall be referred to the Director of the OSCCR.

2. The Code and its related procedures do not preempt or supplant any similar rules and regulations maintained by individual colleges, programs, departments, or offices. For example, student-athletes and members of student organizations must also abide by the policies of the Athletics Department and the Center for Student Involvement, respectively. Any proceedings under such policies may run concurrently with those described herein.

3. Nothing in this Handbook limits the University’s right to take any action it deems necessary to comply with applicable local, state, and federal law.
