

Information for Entering Students

NEW STUDENT ORIENTATION

It is mandatory for all undergraduate students entering the University to participate in an orientation program prior to their arrival. During the summer months for fall enrollment and December and January for spring enrollment, freshmen and transfer students will attend a selected orientation session designed to meet their particular needs. Several of the sessions are designated for freshmen; others are designated for transfer students. Each of Northeastern's schools and colleges is assigned to specific sessions. (Note for international students: Please see "Orientation Assistance for International Students (OASIS)" in the next column for information on international students' orientation.)

Incoming students will complete placement exams, register for classes, meet with representatives from their college or school, and obtain a student identification card. Participants will also learn about life at Northeastern, including services and opportunities that will assist with their transition to the University. Students will be able to finalize details related to dining services, housing, and financial aid. In addition, participants will be able to meet other students from their respective college or school, discover the myriad of student involvement opportunities, and learn more about cooperative education at Northeastern. Students will stay in a campus residence hall during their summer-session orientation. Parents/family will participate in a separate but parallel program and will also be invited to stay in a campus residence. Parent attendance is encouraged but not required. Registration information will be mailed to incoming students who have paid their tuition deposit.

PARENT AND FAMILY SERVICES

The Office of Parent Programs and Services serves as a resource to parents and families of Northeastern University students. Through active participation in internal and external University events and programs, this office outlines its services and programs and begins to develop a relationship with the NU parent and family population. Ongoing newsletters and programs will keep parents and family members connected to the University and informed of deadlines, events, and services, which will assist them as they support their student's educational pursuits. During the academic year, parents and family members are invited to contact the office as they seek information or assistance in addressing concerns related to their student's enrollment.

The Office of Parent Programs and Services has expanded its active Parent Advisory Board to a larger, more comprehensive Parents Association. The association (NUPA) is geared toward involving all NU families in the campus community and providing a greater scope of information and networks while your student is enrolled at Northeastern University.

NU parents and family members are encouraged to become members of the Parents Association as a means of participating in the student's academic and cocurricular life. More information on NUPA can be found at www.parents.neu.edu.

ORIENTATION ASSISTANCE FOR INTERNATIONAL STUDENTS (OASIS)

The International Student and Scholar Institute (ISSI) organizes Orientation Assistance for International Students (OASIS) to facilitate the acculturation process for newly arrived international students while also providing a forum for intercultural interaction and learning. OASIS activities include an "airport welcome," cultural enrichment programming, information sessions, immigration advising, regional excursions, intercultural/diversity education seminars, and workshops on topics ranging from academic success to student life. The OASIS program, beginning prior to the start of the fall and spring semesters, comprises several weeks of programming that provides the international student an opportunity to gain familiarity with Northeastern in a cross-cultural context while forming friendships across cultures.

International students should plan to arrive several days before the start of the semester as outlined in their OASIS schedule. All matriculating international students should receive a preliminary OASIS schedule from the ISSI prior to their arrival in the United States. The Office of New Student Orientation conducts a two-day "Academic Orientation" session as part of the ISSI's OASIS program, which parallels (and substitutes for) the mandatory orientation program held earlier for domestic (U.S.) students.

For further details on the OASIS program and for other information pertinent to international students, please contact:

RESIDENCE LIFE

The Department of Residence Life strives to create a community for our residents by planning programs and activities that help students get to know others on their floor and in their residence hall. We also provide services that support our residents in accomplishing their academic and personal goals. Residence Life staff are trained in counseling, crisis intervention, conflict resolution, as well as interpersonal communications in order to assist our students to achieve their aspirations.

Each hall is supervised by a residence director and resident assistants, individuals who maintain close contact with students and who serve as administrators for the buildings.

The University offers a variety of housing options tied to specific programs of study. These Living Learning Communities offer students a supportive, achievement-oriented environment with opportunities for friendship around common interests as well as continued learning and sharing outside the classroom. Living Learning Communities commonly feature tutoring, advising, and study groups as well as unique programs designed to promote student growth and advancement. The University also recognizes that some students prefer to live in an environment of shared values and choices, which our lifestyle and cultural options housing also provides.

HEALTH REQUIREMENTS—UNIVERSITY HEALTH AND COUNSELING SERVICES (UHCS)

A Health Report from University Health and Counseling Services (UHCS) is included with confirmation of the new student orientation session date. It must be completed and returned by the stated deadline. The health statement section (to be signed by a health-care provider) provides an assessment of the entering student's health status. The completed required record of immunity section is necessary for compliance with the Massachusetts College Immunization Law. Failure to meet the requirement will prevent future course registration. Additionally, further documentation of immunity is mandatory for students in Bouvé College of Health Sciences.

Visit www.uhcs.neu.edu to access the Health Report online.

ENGLISH LANGUAGE CENTER

The English Language Center (ELC) conducts English language testing for incoming international students. This testing is mandatory for undergraduate conditionally admitted students. The testing takes about three hours.

From the testing, four scores are derived: global, reading/grammar, listening, and writing. Based on these scores, conditionally admitted students may be (1) cleared for full-time academic studies, (2) required to take English as a second language classes only, or (3) assigned a hybrid schedule of both academic and ESL classes. At the end of each academic session, all students are retested, and conditionally admitted students' schedules are adjusted according to their improvement.

The Office of New Student Orientation automatically assigns conditionally admitted students a test day and time. However, any department may refer students for testing. Students must come on time on designated test days with a completed referral form in hand. Students without referral forms will not be tested. Referral forms and a schedule of test dates are available to departments by request through the ELC.

The ELC also offers a variety of language support courses for students who need assistance. Advisers and departments are encouraged to contact the director of the ELC with any questions regarding testing or language support for international students.

For further information about the English Language Center, visit the ELC Web site at www.ace.neu.edu/elc or contact the ELC office, 406 Ell Hall, 617.373.2455.
