Confirmations

Confirmations are available on the myNEU Web Portal (www.myneu.neu.edu), although it may take up to twenty-four hours for your course adds or drops to appear on your myNEU class schedule.

Course Restrictions and Prerequisites

Course restrictions are printed in the online class listings (www.registrar.neu.edu/schedules.html) to help you make your course selections. There are various types of restrictions: year, college, major, and earned hours, etc. You must get permission from the academic area responsible for the course if you wish to override a restriction.

You are expected to meet prerequisites as listed in the course description of each course in which you enroll. Before registering, you should check the online course descriptions (www.registrar.neu.edu/cdr.html) to determine whether you meet the prerequisite requirements for your courses. Consult the department if you wish to register for a course but do not meet the prerequisites.

"TBA"

"TBA" in the online class listings (www.registrar.neu.edu/schedules.html) indicates that course meeting times are to be assigned at the discretion of the instructor or department. Consult with the department offering the course for further information.

Directed Study or Independent Study

To register for a directed study or independent study, you must submit a "Directed Study Registration Form," signed by a faculty member or department personnel, to the Registrar's Office in 120 Hayden Hall. These forms are available in the department offices and in the Registrar's Office in 120 Hayden Hall.

Priority Access Schedule (PASS)

Division Conflicts

If you are in the wrong division, you will still be allowed to preregister for your courses. However, your division change must be received in the Registrar's Office in 120 Hayden Hall one month prior to the start of that semester or you will be dropped from all preregistered courses. Valid division assignments are posted online (www.registrar.neu.edu/divpats.html).

You must contact your college dean's office and/or your co-op advisor to correct your division.

Course Overloads

Course overloads must be approved by your advisor or department. Overload registration must be done by your advisor or you may register in-person at the Registrar's Office in 120 Hayden Hall for the overload. You cannot register for an overload using Web registration. The overload tuition charge is listed online (www.neu.edu/registrar/billing-tuition.html).

Take a Free Course!

A 1-SH music ensemble course is available without charge to all full-time undergraduate day students who are registered for a full course load. See online class listings (www.registrar.neu.edu/schedules.html) for Music in the College of Arts and Sciences.

To prevent a logjam in the registration system at the beginning of each registration period, access to the system will be phased in over the first four days.

Access will be in order by class year and by the last two digits of your NUID.

Use the chart below to determine your registration start time. Match your year with the last two digits of your NUID number to find your start day and time. See also registration alternatives for Deaf and hard of hearing students and students with disabilities on page 2.

Your Year	Last 2 Digits of Your NUID	Registration Start Time
Class of 09/10	50–74	February 2, 8:00 AM
Class of 09/10	75–99	February 2, 11:00 AM
Class of 09/10	00–24	February 2, 2:00 PM
Class of 09/10	25–49	February 2, 5:00 PM
Class of 11	50–74	February 3, 8:00 AM
Class of 11	75–99	February 3, 11:00 AM
Class of 11	00–24	February 3, 2:00 PM
Class of 11	25–49	February 3, 5:00 PM
Class of 12	50–74	February 4, 8:00 AM
Class of 12	75–99	February 4, 11:00 AM
Class of 12	00–24	February 4, 2:00 PM
Class of 12	25–49	February 4, 5:00 PM
Class of 13	50–74	February 5, 8:00 AM

Class of 13	00–24	February 5, 2:00 PM
Class of 13	25–49	February 5, 5:00 PM

For example, a student in the Class of 2012 with an NUID of 000-123456 can begin registration on February 4 at 8:00 AM. Attempts to access the system before your scheduled time will be rejected.

Once your group is in, it stays in for the remainder of the registration period. To be fair, each registration period has a different priority access schedule which rotates the order of the NUIDs getting access.

Cooperative Education Registration

Any student, regardless of current division, who plans to participate in co-op must register for co-op. Please register for your co-op work experience for the appropriate semester or semesters.

Students on co-op in Spring Semester would normally continue on co-op during Summer 1 Semester.

Students on co-op in Summer 2 Semester would normally continue on co-op during Fall Semester.

When you register for co-op, you assume the following responsibilities:

1. You must meet with your co-op coordinator to make appropriate arrangements for a co-op position.
2. You must be in the correct division one month prior to the start of your co-op experience. Please see valid division assignments for the academic year 2008–2009 online (www.registrar.neu.edu/divpats.html).

If you do not participate in co-op, you must (a) petition to change your division to be in school for that semester, and (b) register for classes for that semester.

Co-op Registration Procedure

Failure to comply with this registration procedure may result in withdrawal by the second week of the semester.

You can register for co-op using the myNEU Web Portal (www.myneu.neu.edu). Details are available online (www.registrar.neu.edu/registering.html).

Please use the following key numbers for co-op registration:

- Summer 1 Semester 2009 co-op: Key # 03658
- Summer 2 Semester 2009 co-op: Key # 08264
- Full Summer Semester 2009 co-op: Key # 10361

Semester Course Listings

Undergraduate Semester Course Numbers

Every semester course number at Northeastern University consists of three parts:

- A two- or three-letter department code
- A single-letter code, most commonly U to indicate an undergraduate course (G would be used to indicate a graduate course)
- A three-digit number

For example, in the course number ECN U115, ECN is the department code (indicating the Economics Department), U indicates an undergraduate course, and 115 is the three-digit number.

For undergraduate courses, the three digit number indicates the level of the course as follows:

- 001–099 Basic/preparatory
- 100–299 Introductory
- 300–499 Intermediate
- 500–699 Advanced
- 700–799 Research, thesis, capstone
- 900–999 Special course work (directed study, independent study, special topics, seminar, workshop, practicum)

Corequisites

Many semester courses have corequisite laboratory or recitation courses. You must register for the indicated corequisite courses.

Corequisites are noted in the online class listings (www.registrar.neu.edu/schedules.html). Here's an example:

In this example, students registering for BIO U551 must also register for a section of the associated lab, BIO U552.

If there are multiple sections of a corequisite course, you may register for any section unless otherwise indicated.

Class Size Limits

The classes listed in the online class listings (www.registrar.neu.edu/schedules.html) have a limitation on class size. This limit is indicated in the class listings with the notation "Max," while the number of seats still available is indicated with the notation "Avail." Here's an example:
