WELCOME!!!

Although the dust has settled from opening weekend back in September, things are starting to pick up again as we head into mid-semester. Students are immersed in class assignments, mid-terms or their coop schedules; and here in Housing and Residential Life we are keeping with our regular routine as well with health and safety checks inside the residence halls, preparation for Spring 2011 and we are even already thinking about next year! All of this important information can be found in this month's newsletter.

Health and Safety Checks

October 18th — November 5th

Each semester your student can expect a visit from staff for health and safety inspections! These inspections are conducted by the Residence Director of the building, along with a Senior Resident Assistant or another staff member.

Staff will be entering the student rooms to check for any health concerns and to ensure fire and safety codes are met. The checks cause minimal disruption to students and only take a few minutes. If your student has any questions about the Health and Safety inspections please encourage them to contact their Resident Assistants (RA) or Resident Director (RD) for more information.
