

My fellow Huskies,

After many years of dedicated service to the residential community here at Northeastern, and having served in a great number of roles in the Resident Student Association, most notably and recently as Executive Vice President, I am sad to announce that effective 4:30 PM Pacific Daylight Time (7:30 PM Eastern Daylight Time / 2330 UTC), on Thursday, October 15, 2009, I resign the Vice Presidency.

It is the unfortunate case that circumstances have led to my inability to continue to serve the students in this fashion, and that I no longer am able to serve through a transition to a new person taking on the position.

In the interim until elections are held, Assistant Vice President Gaffney is taking my duties as Executive Vice President.

I hope that you all will continue to see the important of remaining active on-campus, and advocating for your fellow students here at Northeastern. I would like to see the Resident Student Association improve, and the key to improvement and success lies with you.

Best regards,

Matthew D. Soleyn
