

A CALL TO MEN

Committed to Ending Violence Against Women

OPEN, UHCS, OSCCR and Beta Theta Pi invite you to an inspiring and empowering interactive session with Ted Bunch from A Call to Men.

WHAT IS “A CALL TO MEN”?

A CALL TO MEN is a leading national organization that encourages men, in the presence of women, to become a part of the solution and work to end violence and discrimination against women.

A CALL TO MEN helps to organize communities in order to raise awareness and get men involved in this effort.

A CALL TO MEN is committed to maintaining strong partnerships with women’s organizations already doing this important work.

Become Part of the Bystander Solution to End Violence Against Women!

Please join us in the effort to make Northeastern a safer and more supportive community.
