Experience Northeastern University in a whole new way.

Put yourself on track for a better future.
Getting ahead in today’s competitive environment requires more than hard work. It takes updated skills, relevant knowledge, and a solid education. A certificate or undergraduate degree from Northeastern University’s College of Professional Studies can help you start or advance your career, and put you on the path for a better future.

Convenient. Flexible. Accessible.
Whether you’re working part- or full-time, or juggling family demands, we have a program that will fit your needs. All of our programs are flexible and convenient, enabling you to choose from:

- More than 40 degree and specialized certificate programs
- A variety of course formats—on-campus, online, or a combination of both
- Fast-Track degree completion programs designed to earn an associate or bachelor’s degree in as few as 9-18 months
- Rolling admissions with multiple enrollment periods throughout the year
- Experiential learning opportunities including co-ops and internships

Find the undergraduate program that fits your life.
Our undergraduate portfolio includes:

- Bachelor’s degrees focused on fast-growing fields including information technology, human services, management, and health science
- Associate degree programs in areas such as finance, human resources management, and business administration
- Certificates in paramedic technology and accounting

For a complete list of undergraduate programs visit www.northeastern.edu/cps/degree-programs/undergraduate.
