ALUMNI DINNER

The sixth Annual Alumni Dinner of the NUCEAO will be held in Northeastern's Eli Center on Tuesday, April 12, 1983. Socializing begins at 5:30 p.m. in room 356 Eli Center, followed by dinner in the Ballroom at 7 p.m. Continuing a tradition started in 1982, NUCEAO will sponsor complimentary beverages after dinner to encourage continuation of "alumni relations" and good conversation.

Master of Ceremonies E.T. (Emile Troup '62) reports that the formal program will again be brief this year. Outgoing NUCEAO President Bob Barton '57, will present his annual report, and we hope to hear from invited guest Dr. Jerome Connor, Chairman of Northeastern's department of Civil Engineering. Election of new officers will also be conducted.

In addition to the annual Memorial Award given to an outstanding civil engineering student, and the 1983 Distinguished Alumnus Award, two special awards are being established this year in memory of Joseph Lawler '43, and Bertram Berger '54.

Throughout the evening, alumni will be treated to a background multimedia presentation on the construction of the new engineering building. Those of you who have not yet joined us at this annual gathering have really been missing out. Look for the special announcement in March and don't miss it this year. The dinner alone, a Festival Buffet featuring steamship round of beef and seafood newburg, will be worth the experience.

Emile W.J. Troup '62

NOMINEES FOR 1983-1984 OFFICERS
(Officers will serve from July 1, 1983 - June 30, 1984)

MEMORIAL FUNDS ESTABLISHED TO HONOR ALUMNI

The civil engineering profession recently suffered the loss of two outstanding Northeastern alumni, Joseph Lawler '43 and Bertram Berger '54. Both were active with Northeastern alumni and students, and with the betterment of the profession in general. Their loss will be deeply felt.

Northeastern's civil engineering alumni organization (NUCEAO), of which Bert was a founder and in which Joe was an active member, is asking alumni to support the two funds which have been set up in their honor. The funds will help future civil engineers with scholarship assistance and enable them to travel to national conventions.

The family of Joseph Lawler has established a scholarship fund in his name which will benefit Northeastern university civil engineering students showing high promise. The details of this fund are still being finalized but anyone who wishes to contribute may do so by sending their donation to:

THE JOSEPH L. LAWLER SCHOLARSHIP FUND
360 The Streetman Bank of Boston
One Center Plaza
Boston, Massachusetts 02111

Joe's daughter, Sue, who is director of the Management Inejurs Program in Northeastern's Department of Business Administration, can be contacted at 437-2324 if further information is required.

The ASCE/NSCE has established the Bertram Berger Memorial Fund to send civil engineering students from the greater Boston area to ASCE conventions. Bert Berger was chairman of the ASCE National Convention Committee and always urged students to take part in the society's conventions. Contributions to this fund should be made payable to ASCE/Bertram Berger Memorial Fund and mailed to:

ASCE/BERTRAM BERGER MEMORIAL FUND
671 Ross Building
233 Beacon Street
Boston, Massachusetts 02215

There will be a meeting of all current class representatives and of all those interested in becoming a representative on Wednesday, March 16th, at 4:00 p.m. at Henderson House in Weston. For further information, call either Joe Lavin '43, or Bob Barton '57, at the above numbers.
ALUMNI BUSINESS CARDS DEBUT

Eighteen alumni responded to our first invitation to display their business cards in this issue of the newsletter. Their cards appear at left and you are encouraged to clip and save the page for future reference. For a modest cost, you, too, can display your card and make your whereabouts known to fellow alumni. For information on how, write to Nick Rubino, c/o the Office of Alumni Relations, 310 Churchill Hall, 360 Huntington Avenue, Boston, MA 02115, or call him at 617-890-0100. It's as easy as A (alumni) B (business) C (cards)!!!!!!!

NUCEAO BUSINESS MEETING SET FOR MARCH 28TH

The next business meeting of the NUCEAO has been changed from March 22 to March 28, 1983 at Northeastern's Henderson House in Weston, MA. The meeting will start at 4:00 p.m. with wine and cheese refreshments. Among the items on the agenda are life membership privileges, final plans for April's dinner, the NUCEAO employer referral service, and membership. All civil engineering alumni are invited to attend and to take part in the general business.

ASCE STUDENT CHAPTER COMMUNITY-SERVICE PROJECT

This year's student chapter project is the design, financing, and construction of specially-designed equipment for an existing basement and adjoining yard of the Brookline Mental Health Clinic. As many of you know, this is a very important and busy time for the project; the design group is refining preliminary designs and the finance group is attempting to raise the estimated $26,000 that will be needed to complete the project. The construction phase is scheduled to begin in late March.

The student chapter invites and encourages all alumni to become involved in this project in any way possible. If you can provide materials, construction services, etc., or if you wish additional information, please contact either Professors Michael Kupferman, '69 (437-3900), or Richard J. Scranston (437-3988).

MONTE CARLO NIGHT - MAY 13TH

In support of the current ASCE student chapter community-service project with the Brookline Mental Health Clinic, the students of Chi Epsilon are once again holding their annual "Monte Carlo Night." There will be many great prizes to be won, plenty of food and spirits to be consumed, and lots of fun to be had by all! Monte Carlo Night will be held on Friday, May 13th, 1983, from 7:30 p.m. to 12:30 a.m. in the EL Student Center at Northeastern. Tickets are available in advance from Chi Epsilon members and can be purchased at the door. You won't want to miss Monte Carlo Night; it is certain to be THE event of the spring! See you there. For information, contact Michael Kupferman at 437-3900.

SPRING LUNCHEON TO BE HELD AT POLCARI'S

The Northeastern University's Civil Engineering Alumni Organization will hold its annual spring luncheon this year at Polcari's Restaurant, 283 Causeway Street, Boston, on Tuesday, March 22nd, from noon to 1:30 p.m. Joining us will be members of Northeastern's student chapter of the ASCE who have, for six consecutive years, won the coveted Ridgeway Award. Our student guests will review the projects which have led to their award-winning status and will present their 1983 public service project during the program.

The luncheon price for members is $9.00; non-members, $10.00. Send all checks, payable to NUCEAO, to the Office of Alumni Relations, Northeastern University, 310 Churchill Hall, 360 Huntington Avenue, Boston, MA 02115, no later than March 17th. For further information, or to make a late reservation, call Denise Beaumont Evans, '80, at 617-494-7516.
ABOUT THE NEWSLETTER

Northeastern's civil engineering alumni newsletter is a publication of the Northeastern University Civil Engineering Alumni Organization (NUCEAO). It is published quarterly for members and annually for non-members, and is comprised of articles by alumni on such topics of interest as upcoming social events, NUCEAO meetings, recent committee decisions, professional registrations, career changes, etc. Alumni wishing to contribute to these or other topics of concern should contact Nick Rubino (617-890-0100, ext. 382).

NUCEAO MEMBERSHIP FORM
(all NU Civil Engineers are eligible)

Name: ______________________________ Title: ______________________________

Business address: ______________________________ Telephone: __________________

Home address: ______________________________ Telephone: __________________

Date of graduation: ______ Degree(s): ______ Membership/Registrations: ______

Please check the space in front of the address at which you prefer to receive mail.

I would be interested in serving as a class representative.

Please send your dues ($10/yr), made payable to NUCEAO: NUCEAO, c/o Office of Alumni Relations, 310 Churchill Hall, Northeastern University, 360 Huntington Avenue, Boston, MA 02115.

NEW "LIFE MEMBER" CATEGORY ANNOUNCED

A new category of membership has been created for all civil engineering alumni who have either reached the age of 65 or who graduated in 1940 or earlier. NUCEAO's new "life members" will pay no dues but will have all the rights and privileges of regular NUCEAO membership. If you graduated prior to 1941 OR if you are 65 or older and wish to become a NUCEAO LIFE MEMBER, please fill out the form below and mail to the Office of Alumni Relations at the address indicated.

Nick Rubino '79

NUCEAO LIFE MEMBERSHIP

Please enroll me as a "life member" of NUCEAO.

Name: ______________________________

Address: ______________________________

Year of graduation: ______ Date of birth: ______________________________

Professional data: ______________________________

Return completed form to: Office of Alumni Relations, 310 Churchill Hall, Northeastern University, 360 Huntington Avenue, Boston, MA 02115.
ALUMNI BITS

Jim Cahill, '79, is now working on a metro rail project in Miami, Florida for Peter Kiewit Sons.

Fred L. Douglas, '73, has been elected president of the Millen Lake Association in Washington, New Hampshire, where his duties will include monitoring the lake's water quality.

Bruce P. Eaton, '51, retired on September 1, 1982 after twenty-seven years of employment with Johns-Manville Corporation. His most recent position there was Northeast District Sales Manager. Effective January 1, 1983, Eaton assumed the position of Northeast Regional Sales Manager for Thermal Piping Systems, Inc., of Chester, Virginia.

Steven Fader, '73, has recently taken a position with the Town of Wellesley Engineering Department.

Irwin Silverstein, '76, and his wife Nina became the parents of daughter Julie on September 20th, 1982. Irwin Silverstein is a member of Northeastern's Civil Engineering faculty.

Co-op coordinator Bob Tillman, '72, long accustomed to juggling co-op jobs, is also an accomplished juggler of oranges, plates, and other objects. In his free time, he puts on shows and gives lessons.
