ANNUAL ALUMNI DINNER

The Civil Engineering Alumni Organization has set the date of Tuesday evening, April 1, for this year's annual dinner. The event will be held at the Ell Center Ballroom located at the Boston Campus. A social hour begins the evening at 6:30 p.m. with dinner to follow at 7:30 p.m.

The evening will also feature the presentation of the 1985-86 Civil Engineering Outstanding Alumnus Award as well as special awards to two graduating Civil Engineering seniors.

The cost for the evening is $15.00 per person. Further information may be obtained by contacting dinner chairperson, Karen Kirk Adams CE'80 at 647-8492. Please complete and return this coupon for reservations.

Reserve Early!

GETAWAY ALUMNI WEEKEND

The second annual NUCEAO Getaway Alumni Weekend is scheduled this year for the weekend of June 13 - 15 at beautiful Lake Morey Inn and Country Club in Fairlee, Vermont.

The weekend promises to be enjoyable and relaxing amidst the following attractions; large air conditioned rooms; crystal clear lake for swimming, boating, canoeing, sailing and fishing; outdoor pool, tennis courts, golf course, health club and much more.

The Inn sits in the shadow of Vermont's Green Mountains just outside of White River Junction, Vermont and about 20 miles north of Hanover, New Hampshire.

The weekend will also include dinners, breakfasts, and a program relating to Civil Engineering on Saturday morning.

Meet new Civil Engineers or reminisce with those you know. It is a great opportunity to "get away" during the heat of summer. For additional information, call Pete Ziner at 647-9616 (w).

LUNCHEONS A SUCCESS

NUCEAO recently sponsored yet another successful luncheon on Tuesday, February 11 at the Hotel 57 Restaurant in Boston. It was the second luncheon to be held at that facility this year.

More than 30 alumni and their guests enjoyed the afternoon. After the meal, the gathering was addressed by the day's guests, William O'Connell E'62,'70, partner in the O'Connell Brothers Construction Co. located in Quincy, MA.

Mr. O'Connell presented a slide show focusing on various projects underway by his firm. Of particular interest was the presentation on the new World Trade Center now being constructed at the old Commonwealth Pier site.

Back on Tuesday, November 19, the NUCEAO luncheon featured Mishac K. Yegian, Chairman of the Civil Engineering Department at Northeastern, as the guest speaker. Mr. Yegian updated the group on the current events happening with the department. He also put into perspective, where the department ranks with other universities in various categories.

The next luncheon is scheduled to occur in late April or early May. Details will follow.

NUCEAO President, Stan Shuman, E'48, and Civil Engineering Department, Mishac K. Yegian, discuss business at NUCEAO Luncheon at the Hotel 57 Restaurant on November 19.

Mr. Yegian prepares for his presentation of the Civil Engineering Department at the NUCEAO Luncheon on November 19.
STUDENT CHAPTER REGIONAL CONFERENCE

Northeastern University's Student Chapter of the American Society of Civil Engineers will be hosting the 1986 American Society of Civil Engineers' New England Regional Conference on Friday and Saturday, April 18-19 at their Boston campus.

Students and representatives from 19 New England colleges and universities will be attending from the six New England sections and will register at an informal gathering Friday night. Saturday's activities will include a brief business meeting with coffee and doughnuts, a welcome forum, essay competition, midday luncheon, panel discussions, student workshops, and a truss breaking contest. All students are welcome to take part in every activity, and prizes/awards will be given to winning entrants in the essay and truss competition.

The aim of the conference is to provide students with the opportunity to meet with civil engineering professionals, and to gain exposure to the workings and activities of fellow student chapters.

Northeastern will provide a list of possible overnight accommodations. All Northeastern Civil Engineering Alumni are cordially invited to attend.

MEMBERSHIP NOTES

Responses to the dues notices mailed in early January have been strong. To encourage the continued growth experiences over the past several years, a telethon is scheduled for March 11th. Class Representatives and other interested members will be calling on classmates who haven't yet responded, and asking them to renew or enroll for the first time. Free phone lines and a cold cut buffet will be provided. Class Representatives and any alumnus who would like to call classmates is welcome to join the fun. If you can attend, please do so, and let the Alumni Office (437-3186) know so we'll have enough phones and cold cuts.

Work is underway to prepare the MEMBERSHIP DIRECTORY. A request for each alumnus to update his or her personal information was mailed with the dues notices. The current files will be updated as the information comes in, and the directory prepared from that. Any information received after March 15th will be too late for the directory. If you have any changes and haven't let us know yet, please hop to it!

Each member of this year's graduating class will be given a year's free membership in our Organization. This has been done for several years to acquaint the new alumni with our goals and activities. It is hoped that many will continue in the future as paying members. To honor these new graduates and members, a social will be held shortly prior to graduation - the exact date, time, and place is yet to be announced.
ALUMNI BUSINESS CARDS

This newsletter can serve as a perfect vehicle for advertising your business. The Alumni Business card service in the NUCEAO newsletter will publish your card for $25.00 per year. The card will appear in five issues.

You may also choose to pay $5.00 per issue. Make checks payable to NUCEAO, and send to Alumni Business Card coordinator, Nick Rubino, 11 Cornell Street, Arlington, MA 02174.

A display of business cards is located on page 3.

ALUMNI BITS

Kenneth T. Lord '31, is a retired U.S. Civil Service employee (36 years) and moving south for retirement.

Gordon Coassaboom '52, has joined the faculty at Ferris State College in Big Rapids, Michigan as Associate Professor of Welding Engineering.

John J. Gillis '54, has been the staff engineer for the Redevelopment Section of the Manchester Housing Authority and is a registered Professional Engineer and Land Surveyor in New Hampshire.

Paul Giunta '58, was re-elected to his 12th consecutive 2 year term as a councillor-at-large in Waltham.

Harold Davidson '63, is presently working for Massman Construction Co. of Kansas City, MO and is on loan to their subsidiary Pensacola Coast Company. There he is working on the Dame Point Bridge project in Jacksonville, Florida, which, when completed, will possess the longest main span (1300 feet) for a cable stay bridge in the world. He hopes any of his classmates who go to Florida will stop in and say hello.

John P. Sullivan '63, is now president and C.E.O. of "The Geotechnical Group, Inc.", a consulting engineering firm started in 1984.

Francis Zarette '72, is currently President of Zarette Realty Trust, a company presently developing and building residential houses and subdivisions.

James Konnick '75, has recently formed J.G.K. Structural Engineers, P.C. in Washington, D.C.

Steven Bernstein '76, became Water Commissioner of Randolph, Mass., in July, 1985. He is also Vice-President of Boston Society of Civil Engineers Section of ASCE and serves on the Task Force Committee of Beard & McGuire.

Thomas Ford '78, graduated from M.I.T. in October 1985 with Master of Science in Real Estate Development.

Maureen McDonough '82, is currently attending Suffolk University Law School Evening Division, with a June 1988 expected graduation date.

Mia Mahedy '85, is enrolled at Manhattan College in the Masters in Environmental Engineering Program. Mia also placed 13th in the First International Road Race at the 1985 Avon World Championships in Guadalajara, Mexico.
ASCE National Convention in Boston

The ASCE National Convention is returning to Boston, October 27-31, 1986. ASCE has designated Tuesday night, October 28, as Alumni Reunion and Student Chapter Night for colleges in New England. Plans have not been formulated yet, but all alumni are urged to plan on being in Boston that week and getting together on Tuesday night at the Convention. Many NU alumni are involved in the planning of the Convention; Charles Parthum is the General Chairman, and Emile Troup, 2nd Vice President of NUCEAO, is Chairman of the Attendance Promotion Committee. It's just a few months away - make plans now to attend the ASCE Convention and "reunite" in Boston.
