William F. Kearns '57 1994 Outstanding Civil Alumnus

At this year's annual alumni dinner, William F. Kearns '57 will be honored as the 1994 Northeastern University Civil Engineering Alumni Organization's Outstanding Alumnus. Bill's resume reads like a "who's who" of building construction projects. Bill began his engineering career in 1955 with Barnes Engineering Company where he worked on the construction of flood control dam projects for the Corps of Engineers in Connecticut and Vermont. From 1960 to 1970 Bill worked as Project Engineer and Vice President for Coleman Brothers Corporation - General Contractors. While with Coleman he worked on several large construction projects at MIT, Albany Mall, Port of Albany, Christian Science Complex, Jamestown Newport Bridge, and MDC Trunk Sewers and Tunnels.

In 1970 he joined the Barletta Company where he worked on the construction of several large pump stations, wastewater treatment facilities, road, bridge, and tunnel projects, and Superfund site clean-ups. Bill is currently Chief Engineer and Treasurer of Barletta Engineering Corporation.

The NUCEAO Annual Alumni Dinner and business meeting will be held on Tuesday, April 12, 1994 at the Northeastern University Ballroom located in the Egl Student Center, from 6:00 - 10:30 p.m. This promises to be an outstanding event, so please use the reservation form inside this newsletter, or contact Bob Tillman at (617) 437-3469, to confirm your reservation.
