This year the cruise will have a 70's theme. You remember the 70's - that memorable decade that gave us Nixon, Carter, Agnew, Watergate, Proposition 13, the Blizzard of '78, tail ships, everything polyester, and hot pants. You streaked, waited in gas lines, and caught disco fever. On the tube you watched Laugh-In, Roots, The Brady Bunch, and All in the Family. You cheered Fisk's homer and Orr's goal. Your favorite movies included such classics as Rocky, The Sting, Patton, Shampoo, Star Wars, Last Tango in Paris, Saturday Night Fever, Animal House, and my personal favorite - Jaws. And who can forget the music of the Boss, the Eagles, Captain & Tennille, Sid Vicious, the Bee Gees, and The Sex Pistols.

So find your best platform shoes, bell bottoms and boogie on down to the shore for a night of merriment.
