COMPREHENSIVE SENIOR NURSING PRACTICUM

BRIGHAM AND WOMENS HOSPITAL, Boston MA

Spring 2014

Senior Nursing Student, 34 Bed Thoracic Surgical Unit

Under the one to one supervision of an RN preceptor, practice the registered nurse role; employ patient assessment, application of evidence-based data, intervention planning, evaluation of care, and effective participation in the interdisciplinary health care team. Acquire a variety of skills including: tracheotomy care, use of suction, complex dressing changes, care of peripheral and central lines, management of all aspects of medication administration including blood products, beginner level of interpretation of ECG tracings, and all nursing documentation and communication. Responsible for multiple patient case load during 140 clinical hour assignment.

RELATED EXPERIENCE

MASSACHUSETTS GENERAL HOSPITAL, Boston, MA

Patient Care Assistant, 28 Bed Cardiac Step-down Unit

July - December 2013, full-time

Provide orientation to new patient care assistants; participate in implementation and evaluation of fall prevention program, obtain vital signs, set-up rooms for patient admissions and transfers from the CICU, perform ECG's, assist nurse practitioners with removal of chest tubes and pacing wires, and change PICC dressings with RN. Support patients and families throughout duration of stay.

January 2014 – present, per diem

BOSTON CHILDRENS HOSPITAL, Boston, MA

Clinical Assistant, 30 Bed Orthopedic/Surgical Unit

July – December 2012

Engaged member of the health care team. Assignments included taking patients' vital signs, supported the implementation of the "fifth vital sign" initiative, glucometry, stoma care, pin care, and dressing changes under the supervision of the RN. Provided patients and families with developmentally appropriate interventions.

TUFTS MEDICAL CENTER, Boston, MA

Nurse Technician, 22 Bed Cardiac Unit

July – December 2011

Assessed vital signs of patients, performed chest tube care, grounded pacing wires, recorded patient data in computerized flow sheets. Discontinued PIV and arterial lines under supervision of an RN, inserted indwelling Foley catheters, administered tube feedings, monitored patency of gastrostomy and nasogastric tubes, and supported nursing staff in provision of postmortem care.

Patient Care Work Experience

Children's Hospital Boston

Boston, MA

Clinical Assistant, Emergency Department

January 2012 - present

- Care for acutely ill patients of all ages. Assist nursing staff with IV placement, nasogastric tube placement, dressing changes, and catheterizations. Assist physicians during procedures including lumbar punctures, laceration repairs, orthopedic repairs, and conscious sedations. Responsibilities also include EKG's, assessing patient's vital signs, and assisting during trauma situations. Worked full-time 6 month co-op, currently per-diem.

Tufts Medical Center

Boston, MA

Patient Care Technician, Medical-surgical Unit

January – July 2012

- Worked collaboratively with nurses to care for 6 to 8 patients per shift. Cared for patients who ranged in age from 1 day old to 40 years of age. Assessed vital signs, assisted with activities of daily living, did EKG's, assisted nurses with straight catheterizing, nasogastric tube placement, wound cleaning and dressing changes, g-tube care, colostomy care, and IV placement. Worked full-time for 6 month co-op, day/evening rotation.

New England Baptist Hospital

Boston, MA

Nurses' Aide, Orthopedic Unit

January – June 2011

- Cared for 6 to 8 patients per shift. Assessed patient's vital signs at the beginning of every shift, assisted patients with bed baths and showers, made beds, and assisted patients with all activities of daily living. Did EKG's, performed bladder scans, straight catheterizations, and dressed wounds. In addition cared for patients with tracheostomies, G-tubes, and Foley catheters. Assisted in the cardiac stress test lab, provided care for patient's telemetry monitors, and assisted nurses with various tasks. Worked full-time for 6 month co-op.

Community Service Activities

- **JUMPSTART Program**, Counselor; Boston, MA (2011-present)
- **ACS Relay for Life**, Co-captain (2 years) and team member (4 years); Quincy, MA (2010-2013)
