Pedram Johari, Subhramoy Mohanti, Miad  
Tehrani Moayyed, Chineye Tassie, Michele  
Polese, Ahmed Aly, Leonardo Bonati, Salvatore  
D'Oro, Shweta Shrivastava

**Platforms for Advanced  
Wireless Research**

**N** COLOSSEUM  
at Northeastern University

# Colosseum First Time Users

---

- Quick Review of the Colosseum Architecture
- Live Demonstration of Running an Experiment on Colosseum
  - Making a reservation at the experiment website
  - Running a WiFi transceiver experiment
- Accessing File-Proxy Server
  - Navigating through file-proxy and interpreting log-files
  - Accessing team's NAS folder from containers
- Working on Colosseum Containers in a Local Computer

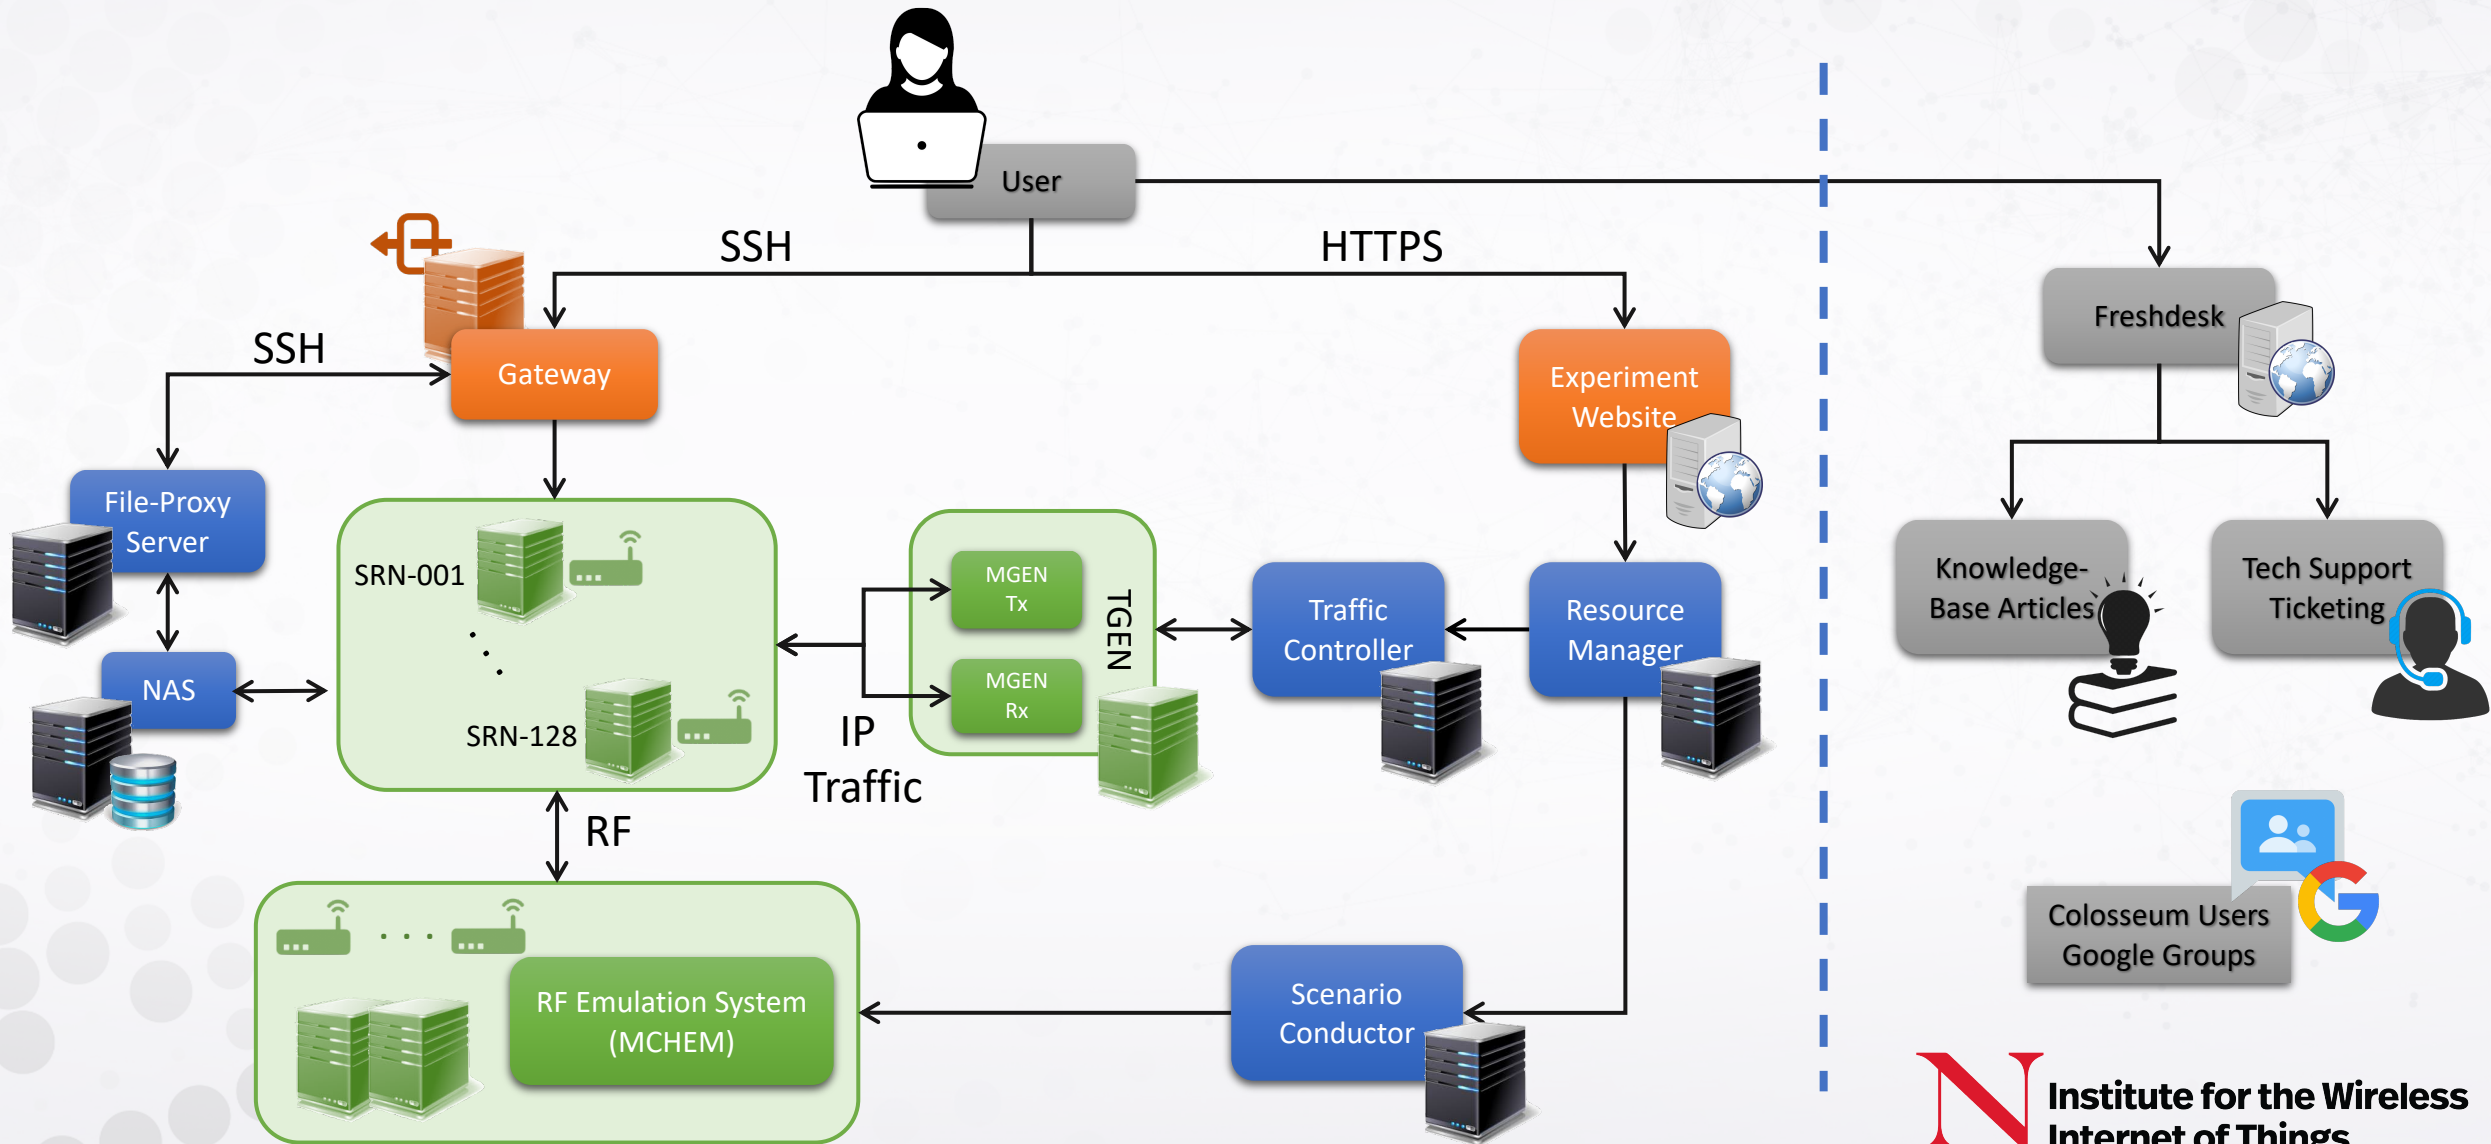

**Note 1:** The WiFi container used in this webinar and other LXC containers used in tutorials are available to users.

**Note 2:** Detailed tutorials with PowerPoint slides and recorded videos will be made available to users.

**Note 3:** Complete steps for today's demo is available at: [Webinar Demo](#)

**Note 4:** Biweekly office hours will be held to answer user questions. Schedule and sign-up forms will be announced.
