NUpath Category Reports Tool

*This tool looks up the NUpath categories for a list of courses.
In the text box, type the course prefix, a blank, and the course number; one course per line.
If you are using copy/paste, it is fine to include the course title but note that this title will be ignored.
The course prefix must be 2-4 alphabetic characters.
The course number must be 4 digits.
Press **Generate Report** to generate a report with each course together with its NUpath categories. If there are no NUpath categories for a particular course, the report says None for that course.*

Generate Report

Clear All Text

Instructions

The Key to using this tool is in the formatting of the information that you put into the box above:

- Course Prefix, space, Course Number
- One per line

The beauty of this, is that the program ignores anything after the course number on that line.

UPDATE: AND the program ignores any irrelevant text lines! This makes the copy and paste described below even easier!

Thus:

CHEM 2210

And

CHEM 2210 this is the best course in the world according to Garp

Give you the same answer – with no errors.

Thus, you can type in a list of course prefix and number, or copy and paste from and list that starts with course prefix and number.

This makes copy and paste from a curriculum sheet or from the 2014-2015 Catalog very easy!! All you have to look out for, is any lines from the copy and paste that do not start with the course prefix – and just delete them.

UPDATE: you do not even have to delete those lines!

Thus:

CHEM 2200
along with the lab
CHEM 2201

Is the same as:

CHEM 2200
CHEM 2201

Below are two examples that I ran through using the 2014-2015 Catalog.

BA in Political Science and Economics (Page 436 of 2014-2015 Catalog)

Copy from catalog:

<p>International Affairs requirements may not be used as economics electives.</p>				
ECON 1292	Economic History of the Middle East	4 SH	POLS 2326 Premodern Political Thought 4 SH	
ECON 1293	European Economic History	4 SH	POLS 2328 Modern Political Thought 4 SH	
ECON 3404	International Food Economics and Policy	4 SH	POLS 2332 Contemporary Political Thought 4 SH	
ECON 3405	A Critique of Capitalism	4 SH	Political Science Restricted Electives	
ECON 3406	Critical Perspectives on Economics	4 SH	Complete two of the following courses:	
ECON 4634	Comparative Economics	4 SH	POLS 3307 Public Policy and Administration	4 SH

Summary: ND[7] SI[5] ER[3] WI[1]

Remember that only three of the courses other than PSYC 1101 are required, but this gives an easy way to assess likely attributes.

NOTE: Please remember that any curriculum changes for the 2015-2016 catalog are NOT in the 2014-2015 catalog and will need to be entered manually into the tool or copied from another source. It is the responsibility of the program to communicate their program changes.

PLEASE keep in mind and remind the students: NUpath criteria can be met throughout the curricula that they are pursuing – majors, minors, concentrations – not just courses their freshman year.

The more restricted majors (such as in COE and DMSB) have been more proactive in stating the NUpath criteria met by their required courses. But these, too, can be found through the tool.
