## Oculus Rift

### Calibration

1. Open the Oculus App on the computer.
2. Go to the left menu and select DEVICES.
3. Click “Configure Rift”
4. Select “Full Setup”
5. Follow the on-screen instructions to run the full rift setup and to recalibrate the Headset and Controllers.

## Bonus Info

### Cautionary Info

1. The Headset should only be used by people ages 13 and up
2. It is recommended that the player takes a break every 15 to 20 minutes.
3. Make sure the Play Area is clear and safe
4. It is recommended that you have someone help you, especially if this is your first VR experience.
