

Waste Type (see fact sheet link)	Container	Labeling	Overseeing Department	What You Need to Do	Final Disposition
Animal Bedding - no biological, chemical or radiological hazards	plastic bag	none	Laboratory Animal Medicine (DLAM) x3955	coordinate disposal with DLAM	solid waste - dumpster
Animal Carcasses	double bagged and placed in box provided	place full University address on bag and outer box	Environmental Health & Safety x 2769	contact approved vendor for disposal	incineration
Antifreeze (ethylene glycol)	metal drum	hazardous waste	Facilities - Auto Shop x 4883	contact Auto Shop	recycler
Autoclaved Biohazardous Waste	place in black bag	autoclave waste label	varies	label and place in hallway	solid waste - dumpster
Batteries: Automotive	none	universal waste	Facilities - Auto Shop x 4883	contact Auto Shop	recycler
Batteries: Non-Automotive (NiCad, Lithium, NiMH, etc)	none	universal waste	Facilities - Building Services x 2750	contact Building Services	recycler
Biohazardous Waste - not autoclaved	double red biohazard bags	biohazard label	Environmental Health & Safety x 2769	contact Environmental Health & Safety	incineration
Broken Glass	broken glass box	write "caution - broken glass" on box	Facilities - Building Services x 2750	leave secured (taped shut) in hallway for pick-up	solid waste - dumpster
Chemical Waste: Laboratory	bottles, metal and plastic containers	hazardous waste label	Environmental Health & Safety x 2769	contact Environmental Health & Safety	incineration, treatment, recycler

Chemical Waste: Non-Laboratory	drums, metal and polyethylene containers	hazardous waste label	Facilities - Operations x 2750	contact Facilities - Operations	incineration, treatment, recycler
Computer Monitors	none	none	Facilities - Building Services x 2750	contact Building Services	recycler
Beverage Containers (glass, metal, plastic)	recycling bin	none	Facilities - Building Services x 2750	contact Building Services	recycler
Fluorescent Light Tubes	fluorescent light recycling box	universal waste	Facilities - Building Services x 2750	contact Building Services	recycler
Freon and other Refrigerants	none	none	Facilities - HVACR Shop x 4886	contact HVACR shop	recycler
Laboratory Glass Containers with Non-Hazardous Residues; (includes clean lab glass)	regular box	none	Facilities - Building Services x 2750	place in secure (taped) box in hallway for pick-up	solid waste - dumpster
Sharps - All Needles, Syringes, Scalpels, Blades & Other Sharp Medical Waste	Sharps Container	write building and room # on container	Environmental Health & Safety x 2769	drop off in room 319A Mugar during designated hours	incineration
Paper/Cardboard	blue recycling baskets	none	Facilities - Building Services x 2750	leave in hallway or contact Building Services for pick-up	recycling
PCB-Containing Equipment (ballasts, capacitors, etc)	box or original container	hazardous waste label	Facilities - Operations x 2750	contact Facilities - Operations	incineration

Petroleum Products (used oil, fuel filters, oily/gas soaked rags)	metal drum	waste oil or hazardous waste label	Facilities - Auto Shop x 4883	contact Facilities - Auto Shop	incineration
Radioactive Material	5 gallon bucket	radioactive waste tag	Environmental Health & Safety x 2769	drop off in room 319A Mugar during designated hours	varies
Regular Trash / Solid Waste	trash can	none	Facilities - Building Services x 2750	if on restricted key leave in hallway or contact Building Services	solid waste vendor
Surplus Chemicals: Laboratory (unopened, original containers)	original container	original label	Environmental Health & Safety x 2769	contact Environmental Health & Safety	redistributed within University
