What is the Experiential Network?

XN is a new initiative from Northeastern University that offers graduate and professional students and sponsoring organizations experiential opportunities to collaborate on short-term, real-world projects. Organizations move forward on project-based work and connect with rising professional talent while students gain authentic work experience and valuable learning opportunities.

Project work is done virtually over three- and six-week sessions, with sponsor-mentors dedicating about an hour per week to feedback. Our students are equipped with an array of skill-sets including digital media and marketing, data analytics, corporate and nonprofit project management, regulatory strategy, communications management, and more.

Benefits for Project Sponsors

- Increase your bandwidth without increasing your budget
- Receive insights from students who bring a fresh perspective to your organization
- Assess and engage rising student talent through project-based work
- Give new and rising managers opportunities to mentor and develop high-potential students

How it Works

Two Ways to Get Involved!

Get in touch with Sponsor Relations Manager Laura Evangelista (l.evangelista@neu.edu) to get started!

**Six-week projects with Northeastern graduate students:**
Skill-sets in project management, organizational communications, digital media/marketing, nonprofit ops, and more.

30-35 hours/six week sessions

May 2: Six-week project session kick-off
July 18: Six-week project session kick-off

**Three-week projects with Northeastern Level students:**
Skill-sets in data analytics, including the use of Excel, R, SQL, and Tableau. Projects serve as capstones during the analytics boot camp.

30-40 hours/three week sessions

June 24: Three-week project session kick-off
