Application for International Field Study Experience (IFSE)

Please read carefully the following short writing prompt:

To maximize the value of an international study course, students must strive to understand and adapt to different cultures.

Briefly describe (400-500 words) why you are interested in enrolling in INT 6900, your learning objectives in doing so, and examples of your cultural adaptability.

I understand that I will be responsible for arranging my own travel to/from Italy as part of this class. I will also be solely responsible for acquiring any necessary visas for my travel.

Upon acceptance to this program, I will be registered for the class INT6900 I have designated above (either Spring 2018 or Fall 2018). I agree to pay the program fee associated with travel, and all tuition charges for this class.

I understand that, if accepted, a non-refundable deposit of $2000 must be paid by February 16, 2018.
