

Arrival Directions Edwards and Rodgers Hall

Unloading Location: West Lot at Wentworth → Check-In Location: Edwards and Rodgers Basement Lounge → Parking Location: Columbus Garage

1. If you are arriving by car to campus you will first need to proceed to your Unloading Location at West Lot at Wentworth. Please use [this link](#) as a location for driving directions. Once in the lot, proceed to the spaces closest to the rear of Edwards and Rodgers Hall.
2. At West Lot at Wentworth, you will unload your belongings into your building. While both Edwards and Rodgers Halls have elevators, there is no direct access without going up or down stairs from the parking lot. Hampers will be available in the basement level for you to place belongings into and then take up the elevator. You may also use the stairs. Move support will be present in the lot to aid with unloading. Please note, you will have 1.5 hours to complete your unloading before you will need to remove your car from the Unloading Location.
3. You will need to complete your check-in in the Edwards/Rodgers Basement Lounge with Residential Life Staff to collect your keys.
4. After checking in, proceed to your assigned residence hall room, unload your hamper, and then return your hamper to the basement level.
5. Throughout the move-in process, students will be permitted no more than two guests to assist with bringing belongings into your room, and your guests are asked to stay no longer than 2 hours. Please note, masks will be required for all fully vaccinated and unvaccinated students, faculty, staff, visitors, and vendors indoors. Outside of official Fall move-in days/times (8/29-9/5 8:30am-6pm), the guest policy will revert to only Northeastern students as guests, and only 3 at a time.
6. In accordance with the current COVID-19 guidelines, all students, regardless of vaccination status, will need to be tested within 24 hours of their arrival and on a weekly basis thereafter. All students will need to schedule a test through the [COVID-19 Test Scheduler](#) Please note: the testing center does not take walk-in appointments. You will not be allowed to enter the testing center without a proof of your appointment time. This can be provided either by using a mobile device or by a printout from the COVID-19 Test Scheduler.
7. Should you require a place to park after unloading or after your 1.5 hours has passed, the driver of your vehicle will be able to park with your parking pass in Columbus Garage. Please use [this link](#) as a location for driving directions. To enter Columbus garage, the driver can take a ticket at entry, and will need to present the day specific parking pass and scan code at exit. Links to the day specific parking passes and codes can be found below. There will be no oversized, over height, or overnight parking.

Columbus Garage Parking Codes/Pass by Day:
