Drug-free Awareness Program Resources and Information

Northeastern University recognizes the destructive effects of drug and alcohol abuse on both the individual and society. Here at Northeastern University, drug and alcohol abuse can threaten workplace efficiency, educational development, and community safety.

In order to promote a safe workplace environment, Northeastern University has established a drug-free awareness program to inform employees about:

- (1) The dangers of drug abuse in the workplace;
- (2) The University's policy of maintaining a drug-free workplace;
- (3) Available drug counseling, rehabilitation and employee assistance programs; and
- (4) The repercussions for drug abuse violations in the workplace.

If you or those around you are suffering from drug or alcohol abuse, please seek help.
