Northeastern University School of Law offers the nation’s premier Cooperative Legal Education Program. All law students complete four, 11-week full-time work placements, called “co-ops.” On co-op, students conduct client intake, draft contracts, research and draft memoranda on complex legal issues, represent clients in administrative proceedings and court, participate in strategy sessions and settlement conferences, and more.

Northeastern law students put into practice what they learn in the classroom by making real contributions in real jobs. Then they bring this experience back to enhance their classroom learning.
