### ***Climate Change in Boston: Preparing for Impacts***

Coastal cities face unique challenges from the effects of a warming planet. What issues are most likely to impact Boston, and how can our city best prepare itself? In this panel discussion hosted by the Department of Civil and Environmental Engineering at Northeastern University, we bring together premier experts from industry and academia to examine our vulnerabilities to climate change and how civil and environmental engineers can help build a more sustainable, resilient Boston.

**Thursday  
February 21,  
2019  
102 ISEC  
3:00 pm**

Hosted by Civil  
& Environmental  
Engineering

**Events are open  
to the public**

**Moderator**  
Dr. Matthew Eckelman,  
Northeastern University

**Panelist**  
Dr. Paul Kirshen,  
University of Massachusetts

**Panelist**  
Dr. Indrani Ghosh,  
Kleinfelder

**Panelist**  
Dr. Qin Jim Chen,  
Northeastern University

**Panelist**  
Auroop R. Ganguly,  
Northeastern University
