Social Security Number (SSN) Instructions

What is a Social Security Number (SSN) and can I apply?

For students in F-1 and J-1 status or J scholars, a SSN is a 9 digit number used primarily for tax payer identification, income reporting, and other official record keeping purposes. Social Security Numbers are valid for a lifetime once issued. A SSN does not grant work authorization. Additional information is available here, ssa.gov/pubs/EN-05-10181.pdf

To obtain a SSN, F-1 and J-1 students must be authorized to work and in a legal student status. The following students may apply:
- F-1 and authorized J-1 students who have on-campus employment at Northeastern University
- F-1 students with Curricular Practical Training (CPT) or Optional Practical Training (OPT)
- J-1 students with Academic Training (AT)

When do I apply?

F and J students and J scholars must complete Form SS-5 (ssa.gov/online/ss-5.pdf) and submit it in person at a Social Security Administration (SSA) office with the required documentation detailed below as it pertains to the type of work. You can apply for a SSN no more than 30 days prior to the first date of your work. New and transfer students should wait at least 10 business days after arriving the U.S. to apply, to allow for DHS update. After applying, a SSN card will be mailed to the location listed on Form SS-5 within 2-4 weeks.

For students engaging in authorized off-campus employment: Some employers may allow students to begin working and get paid if they submit a receipt from the Social Security Administration office, which shows the date that they applied for a SSN. Further regulations governing employers whose employees are awaiting a SSN are available online at the Social Security Administration website, ssa.gov/employer/hiring.htm.

Where do I apply?

Locations, contact information, and office hours are available online at https://secure.ssa.gov/ICON/main.jsp. Students living on campus should use the following zip codes to determine which SSA office is closest: 02115 or 02120
