This document is based on the Department of State (DOS) regulation (22 CFR Section 62.13(a)(4)), effective January 5, 2015, requiring tracking and reporting of early departures of J-2 accompanying spouses and dependents. This form is intended to serve as a formal request to terminate a Northeastern-sponsored J-2 record in SEVIS. Please keep in mind that termination a J record is difficult to undo.

Name of J-1 Visitor: ________________________________________________________________________________

SEVIS ID of J-1: _________________________________________________

Name and Email Address of J-2 Dependent(s):
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________

Please check one:

☐ My dependent(s) never came to the U.S. and is/are not coming to the U.S. in J-2 status

☐ My dependent(s) is/are leaving the U.S. early, **before me** on ________ / ________ /__________ and do not intend to return to the U.S. in J-2 status.

☐ My dependent(s) has/have changed immigration status on ________ / ________ /__________. Document is attached.

*I understand that my dependent(s) may not use the DS-2019 he/she/they currently has/have (or been issued) to enter the U.S. I also understand that my dependent(s) will no longer be in valid J-2 status after his/her/their record(s) is/are terminated.*
