“Applying personal experiences to my assignments has been an aspect that I was not expecting before enrolling in the Human Services program, but it has made for a more well-rounded approach to my education. I learned from my classmates that everyone has something unique that they can bring into the conversation.”

— Leo B. ’11

PROGRAM OBJECTIVES

- Examine the development of human service policies and organizations
- Explore organizational behavior and leadership issues
- Acquire methods for facilitating community involvement
- Review human service social policy issues
- Create framework for developing effective employee assistance programs
