

Session 1
Interprofessional Team Questions

1) Among the team members or professions, how many scopes of practice can be applied to assess and address Terry's needs?

2) Give at least one example of what your profession could do.

3) If the team could ask one question, what would you ask?

4) Are there any other professions not in the room that should/could be involved?

5) How would you prioritize the referrals/consultations (*top two/bottom two*)?
