

**Session 1**  
**Intraprofessional Group Questions**

1) Is there anything in your scope of practice that can be applied to assess and address Terry's needs?

2) If you could ask one question, what would it be?

3) If you are the first health professional to encounter Terry, which referrals or consultations would you make?

4) How would you prioritize the referrals/consultations (*top two/ bottom two*)?
