

For your unique anonymous participant code, please provide your mother's first name initial, the day and month of her birthday: \_\_ - \_\_ - \_\_ - \_\_

## Session 2 Pre- and Post-Assessment

The purpose of this pre-assessment is to measure your perceptions of teamwork and communication in healthcare. The information you provide will be used to better understand students' competency. The questionnaire is anonymous, so please do not put your name or any other identifying information on the questionnaire.

DEMOGRAPHICS
Date of birth: ____ / ____ / ____ m  m  d  d  y  y  y  y
Gender: <input type="checkbox"/> Male <input type="checkbox"/> Female <input type="checkbox"/> Unknown <input type="checkbox"/> Unspecified
TEAM PERFORMANCE
I am familiar with WORKING as part of a team. <input type="checkbox"/> Yes <input type="checkbox"/> No
I am familiar with TRAINING as part of a team. <input type="checkbox"/> Yes <input type="checkbox"/> No

**Instructions:** Please respond to the questions below by placing a check mark (✓) in the box that corresponds to your level of agreement from *Strongly Disagree* to *Strongly Agree*. Please select only one response for each question.

Statements	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1. Teams that do not communicate effectively significantly increase their risk of committing errors.					
2. Poor communication is the most common cause of reported errors.					
3. Adverse events may be reduced by maintaining an information exchange with patients and their families.					
4. I prefer to work with team members who ask questions about information I provide.					
5. It is important to have a standardized method for sharing information when handing off patients.					
6. It is nearly impossible to train individuals how to be better communicators.					

For your unique anonymous participant code, please provide your mother's first name initial, the day and month of her birthday: \_\_ - \_\_ \_\_ \_\_ \_\_

### Post-Assessment

The purpose of this post-assessment is to measure your perceptions of teamwork and communication in healthcare. The information you provide will be used to better understand students' competency. The questionnaire is anonymous, so please do not put your name or any other identifying information on the questionnaire.

**Instructions:** Please respond to the questions below by placing a check mark (√) in the box that corresponds to your level of agreement from *Strongly Disagree* to *Strongly Agree*. Please select only one response for each question.

Statements	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1. Teams that do not communicate effectively significantly increase their risk of committing errors.					
2. Poor communication is the most common cause of reported errors.					
3. Adverse events may be reduced by maintaining an information exchange with patients and their families.					
4. I prefer to work with team members who ask questions about information I provide.					
5. It is important to have a standardized method for sharing information when handing off patients.					
6. It is nearly impossible to train individuals how to be better communicators.					

- What aspect of this interprofessional education session was most valuable to you?
  
- What would you change in this interprofessional education session that would have made it more valuable to you?
  
- What follow-up activities or next steps do you see as a result of this interprofessional education session?
