**STEVE PEMBERTON BEST SELLING AUTHOR OF A CHANCE IN THE WORLD**
Steve Pemberton’s triumphant life journey, now a major motion picture, is about defying the seemingly insurmountable odds of the path of the unchosen. A Chance in the World, drawn from his critically acclaimed memoir of the same title, recounts how Steve was orphaned into foster care, then abandoned and betrayed by the very individuals entrusted with his care. Yet these challenges only fueled his desire to become a man of resilience, determination, and vision. Steve went on to find success as a trailblazing corporate executive, enlightened people leader, visionary youth advocate, and acclaimed speaker devoted to inspiring and helping others.
