Selecting a Housing Option: Preparation

• Students may **PRACTICE** the selection process weeks prior to selection so they know how it works

• Students may view available vacancies in real-time on Housing Online leading up to their selection time
  – Offers several options going into selection without “surprising” them when it comes to their time
  – Floor plans available
Selecting a Housing Option

• Student with lowest number should be the group “representative” and log into Housing Online at their designated selection time.

• What the group “representative” needs:
  – All Roommate NUID #’s
  – All Roommate Group PINs
Keys to Success

• Students understanding which halls are available to them:
  – The vacancy viewer and floor plans show them everything they can select from!

• Have several options in mind prior to selection:
  – Don’t rely on the first option

• A Selection Number guarantees you a space on campus – not necessarily your top preference
Keys to Success

• Communicate with roommates!
  – Come to agreement on price, location, amenities, group size

• Attend an info session or stop by Housing
  – 4 Speare Commons
  – We want students to ask as many questions as needed, so they are prepared and not surprised during selection 😊
How You Can Help…

• Opt in for Deposit Email Reminders
  – Be aware of deposit deadlines and check in
• Know who will pay deposits and how
• Review housing costs and agree on price point before selection
• Keep an eye on the big picture
• Refer to resources for answers to questions
• Keep cancellation deadlines in mind
