EXHIBITS

Chat one-on-one with students, faculty and admissions representatives as you explore our South Lake Union campus and discover the services and resources that make up the Northeastern experience

One-on-One Admissions Counseling

Stop by the admissions table with any questions about your specific program, the application process, and to get a understanding about all aspects of being a student at Northeastern University-Seattle.

Degree Program Meet & Greets (106 A and 106 B)

Our degree programs prepare students to be leaders and innovators in fields that drive the economy of the Puget Sound region. Whether your program is on-ground or online, come meet and connect with faculty from both Seattle and Boston campuses.

Campus Services and Resources Fair (401 Lobby)

The Seattle campus is committed to helping all our students advance their careers with an array of resources, events and opportunities to help you build a professional network. Visit these stations to find out what services and resources are available at Northeastern.

- > Online Learning Experience
- > Co-op & Career Services
- > Student Resources
- > Visa Information
- > Financial Aid
- > Student Events & Activities Council

PRESENTATIONS - CREATE YOUR OWN PATH

Attend sessions based upon your interests and needs. Some presentations will take place twice to ensure you have a chance to attend.

A Welcome From the Dean

10:00 a.m. – 10:10 a.m. | Room 106 C

Dean Peter Temes kicks the day off with a Northeastern welcome. Northeastern University attracts exceptional faculty who conduct state-of-the-art research, are dedicated educators at both the undergraduate and graduate level, and advance the state of professional practice.

Career Services & Experiential Learning

10:20 a.m. – 10:45 a.m. & 12:00 p.m.-12:25 p.m | Lopez - Room 164

Ready to begin the application process? Northeastern University is known for Career Services. We are ranked #2 in the nation for Career Services by The Princeton Review, and we have been in the top 2 for the last six years with three of those years spent at #1. Stop by and find out why! In addition, our experiential learning model provides students in our programs with rich opportunities for real-world understanding through collaboratively developed curricula, cooperative education placements and corporate residencies. Find out how this will shape your learning experience.

Financing Graduate School

10:20 a.m. – 10:45 a.m. & 12:00 p.m. – 12:25 p.m. | Mercer - Room 109G

One of the biggest questions anyone faces is, "How do I pay for graduate school?" Our staff will give you the low-down on all the ways Northeastern can assist, including a variety of scholarships and other opportunities.

Global Studies and International Relations / International Field Study Experience

11:00 a.m. – 11:25 a.m. | Camano - Room 142

Are you interested in an international experience as part of your studies with Northeastern University? Come hear Dr. Marissa Lombardi of the Global Studies and International Relations program discuss the associated IFSE. Students will have the unique opportunity to serve as international consultants for global organizations on a global problem as part of IFSE. Students will work collaboratively in small, interdisciplinary teams and develop intercultural competencies necessary to succeed in the global workplace.

Level - Data Analytics Bootcamp

11:00 a.m. – 11:25 a.m. | Room 106 C

Level is a bootcamp launched by Northeastern University, focused on Data Analytics and Amazon Web Services. These shorter educational offerings can give you in-demand skills that can help take your career to the next level. Learn about the opportunity from our lead instructor.

XN Summer

11:30 a.m. – 11:55 a.m. | Pearl – Room 143

Liz Zampino, the Manager of Experiential Opportunities, will describe the new program's goals, process, and framework. Her discussion will touch on completed case studies and current projects.

Standing out in a Top Tech City - Panel Discussion

12:00 p.m. – 12:45 p.m. | Room 106 C

In a competitive tech landscape, a topnotch degree can put you ahead of the pack. Hear from local experts on why Seattle is a booming tech-city and what this means for finding a job.

Why Big Data is So Big

1:00 p.m.-1:25 p.m. | Camano – Room 142

We will explore the increasing need—across numerous industries—for employees who can quickly and clearly visualize and communicate lessons learned from data analytics.

Project Management for the Future

1:00 p.m. – 1:25 p.m. | Room 106 C

Project management professor, CJ Walker, will explain how project management has changed in the past five years and how students can apply Transformational Project Leadership to give them an edge over their competition for the future demands and requirements of the profession.

Break Into Tech

1:00 p.m. – 3:30 p.m. | Pearl – Room 143

The Align Master of Science in Computer Science (MSCS) program provides a direct path to an MS in Computer Science and a high-demand, rewarding career—for non-computer science degree holders with no previous programming experience. Hear about the program from current students, get hands-on experience with writing code, and have your questions answered by faculty and staff from the College of Computer and Information Sciences.
